

## on Council Search for Water Supply Interview Firms for Lake Michigan

mon council adopted three motions without a dissenting vote to: Seek a new water supply to replace the present Fox River source.

Have the board of public works interview consultants to come up with a definite proposal and cost estimates for Appleton "going it alone" to the big lake.

**State Law**  
Petition the state legislature to amend a law which presently prohibits communities from going farther than 30 miles to Lake Michigan with a pipeline.

Mayor Clarence Mitchell called the special meeting of the city's 20 aldermen after all efforts to get other Fox Cities communities interested in a cooperative water pipeline were exhausted.

The Appleton Water Commission's regular consulting firm estimated it would cost the city \$8.3 million to tap Lake Michigan. As result of Wednesday night's action, it was evident the council is not satisfied with the preliminary report prepared by the consulting firm and wants a more specific one which would detail the city's long-range water needs and recommendations.

The cost of going to Lake Michigan for a quality, long-range water supply would be covered by the floating of a revenue bond issue. The multi-million dollar project would also require an increase in local water rates to pay off the long-term bonds.

**River Poor Quality**  
For the most part, the council concurred in the action of the Water Commission which has indicated the Fox River is no longer a suitable source because of contamination and poor quality water.

"The time has come for this common council to take action on the water question," Mayor Mitchell said in opening remarks to the council. "A decision should be made."

## Reynolds Names Three To Key Jobs

MADISON (AP)—Gov. John W. Reynolds appointed Milwaukee Alderman Harold J. Jankowski to the State Conservation Commission today.

Jankowski was expected to take his oath of office later in the day and thus replace Guido Rahr of Manitowoc for a six-year term ending July 27, 1967. Rahr's term ended last July.

Martin Hanson of Mellen was installed Wednesday as a commissioner, succeeding Charles Smith of Wausau. Adding Hanson and Jankowski to the commission makes all of its six members appointees of Democratic governors.

Hanson is the brother of Democratic state chairman Louis Hanson of Mellen.

The appointment of Jankowski was the latest made by Reynolds in a bold exercise of his appointive powers. The Republican-controlled State Senate is not scheduled to reconvene until Nov. 4 when the Reynolds nominations will be up for confirmation.

Reynolds also named State Sen. Richard J. Zaborski, D-Milwaukee, to the Public Service Commission and reappointed G. H. Bakke to the State Highway Commission.

## Pilot Shudders and Sobs

## Vaoint Dam Disaster Scene Like Something From a 'Horror Dream'

CORTINA D' AMPEZZO, Italy (AP) — "The sight was just simply terrifying," the pilot said as he stepped from his little plane after flying over the Vaoint Dam disaster. He shuddered and controlled a sob.

"I have never seen anything like it — not even in horror dreams," added 42-year-old Dino Menardi.

Menardi and two companions flew over the scene of disaster shortly after dawn. Constantly brushing tears from his eyes Menardi told this tale of horror:

**Bell Tower Remains**  
"As we came in over the town of Longarone (4,500 residents) I could not see a single house standing, or any one of the town's three big churches. I believe everyone in the town must have been trapped in their homes while sleeping. "All I could see was a bell tower and a tree sticking up

# Dam Collapses, Tidal Wave Kills 3,000 Italian People

Italian Troops Search through wrecked northern village of Longarone today for victims of flood waters from the nearby Vaoint Dam. Over 3,000 persons are known to be dead in the flood produced when a mountainous landslide crashed into the reservoir behind the dam. (AP Wirephoto)

## Green Light From Kennedy

# Reds Offered U.S. Wheat

WASHINGTON (AP)—President Kennedy has given the green light for the private sale of millions of bushels of American wheat to the Soviet Union and other Communist bloc countries.

He made it clear that the grain was for use only in the Soviet Union and Eastern Europe—not in Cuba.

His decision, which in so many words he said was just good business for the United States, drew both sparks and cheers.

The reaction ranged from Democratic Sen. Strom Thurmond's denunciation that it amounted to "arming our enemy," to Vermont Republican Sen. George Aiken's view that "the deal should prove

## Test Ban Treaty Goes Into Effect

WASHINGTON (AP)—The historic Anglo-American-Soviet treaty banning nuclear weapons testing, except beneath the surface of the earth, went into effect at 1 p.m. (CDT) today.

Simultaneous governmental action in Washington, Moscow and London formally bound the three nations—and more than 100 other countries which have added their signatures—to abide by the pact negotiated last summer.

President Kennedy acted to make the treaty effective so far as the United States is concerned by issuing a proclamation which stated that every article and clause of the tension-easing agreement "shall be observed and fulfilled with faith, on and after Oct. 10, 1963, by the United States of America and by the citizens of the United States of America and all other persons subject to the jurisdiction thereof."

## Massive Alpine Landslide Plunges Into Reservoir; Four Towns Wiped Out

BY WILLIAM MAIRANI

BELLUNO, Italy (AP) — A massive Alpine landslide plunged into a deep, four-mile long reservoir in the night and hurled a tidal wave across the Vaoint Dam upon sleeping villagers in the Piave River Valley. Hundreds perished in the boiling flood.

Three hundred bodies had been recovered by dawn and U. S. Army authorities who hurried to help said Italian sources estimated there were 3,000 dead.

Four towns with more than 6,000 residents virtually were wiped out and two hamlets on the edge of the reservoir disappeared in the catastrophe.

"The sight was just simply terrifying," said Dino Menardi, one of the first pilots to view the desolation. "I have never seen anything like it — not even in horror dreams."

**World's 3rd Highest**  
Through it all the 873-foot-high concrete dam—the world's third highest—apparently stood intact. It is part of a hydroelectric complex.

Reconnaissance by a squadron of four U. S. helicopters led by Maj. Harvey C. Mayse of Wenatchee, Wash., refuted officials' initial reports that the wall of water had collapsed the dam.

"The landslide that plunged into the reservoir apparently caused a huge overflow," Mayse said.

## Nobel Prize to Linus Pauling

**Second Award for  
Controversial  
U. S. Scientist**

OSLO, Norway (AP)—A Nobel Peace Prize was awarded today to scientist Linus Carl Pauling, a U. S. foe of nuclear tests who long has been a center of controversy in his own land.

It is the second Nobel Prize for the professor of chemistry at the California Institute of Technology. In 1954 he won the chemistry award for his research into the forces that hold molecules together.

The Norwegian Nobel Committee announced Pauling will be handed the prize for 1962. No award had been announced for that year.

**1963 Prize**  
The 1963 peace prize will go to the International Red Cross Committee and the League of Red Cross Societies.

Dr. Pauling's prize amounts to \$5,000.

## Weyauwega Pigs Reach Costa Rica

**Miami Official Stalls Flight,  
Says Pigs Can't Leave U. S.**

BY JOHN SAWALL

MIAMI — After a 2,500 mile trip to Miami, "Piggy-Back to Costa Rica" was nearly stalled again Wednesday. But, after another hectic night of work, Gilbert Rojas, 20, received his animals today at El Coco International Airport, San Jose, Costa Rica.

A veterinarian at the quarantine station refused to permit the two Weyauwega Duroc hogs to leave the United States. All health records on the two were in order, and the flight they were to leave on scheduled to depart from Miami at 6 a.m. today. The pigs' crates were too small, the veterinarian said.

The Miami problem was just another in the yards and yards of red tape gone through to help a Latin American farm boy get a start in raising purebred hogs.

## Contacts Airlines

The original shipment of pigs to Rojas, a visitor to the New London area last year, failed in July. The Post-Crescent took an interest in the project and laid groundwork with help of Rep. John Byrnes, Green Bay, for the current shipment. John Sawall, Post-Crescent New London reporter, went along on the trip to

## Senate Hearings On Tax Cut Bill To Start Tuesday

WASHINGTON (AP)—The Senate Finance Committee begins public hearings Tuesday on President Kennedy's \$11-billion tax reduction bill and for a while, at least, will hear little but praise for the measure.

Secretary of the Treasury Douglas Dillon will lead off for the administration witnesses who will be heard during the first week and doubtlessly press for favorable action.

The tune is less predictable when nongovernment witnesses appear, beginning Oct. 24.

## Scattered Showers Are Expected for Tonight

Fox Cities — Increasing cloudiness this afternoon, mostly cloudy tonight with scattered showers late tonight and Friday. Clearing Friday afternoon. High tonight near 78 and the low tonight about 52. Cooler Friday with an expected high of 62. Winds will be light southwesterly, becoming northerly on Friday.

Appleton — Observations at 9 a.m. today. Temperatures for the 24-hour period: High 76; low 54. Wind velocity: 6 miles an hour from the south southwest. Barometer: 30.08 and steady. Relative humidity: 52 per cent. Dew point: 47. Temperature: 69. Skies: Clear. Rainfall: None.

Sun sets today at 5:19 p.m., rises Friday at 6:02 a.m. Moon rises at 11:42 p.m. Prominent stars are the twins, Pollux and Castor.

Rescue Workers Remove child alive from ruins of Belluno, Italy, Wednesday night. Death toll may reach thousands. A landslide sent roaring waters over the Vaoint dam, producing a flood which virtually wiped out four towns with 4,300 residents. (AP Wirephoto)

# Don't Rely on Dutch Treat To Cure Shell-Out Falter

BY ANN LANDERS

DEAR ANN LANDERS: I'm a boy, 16, who is going with a great girl. There is only one thing wrong with Jill and I would like your advice on what to do about it. In all the time we've been going together she has never once offered to pay my way to anything. I'd even settle for a Dutch treat once in a while.

I don't want to sound cheap, but when you go out these days it can get pretty expensive. Last week when we were leaving Jill's house her mother said, half jokingly, "Here's \$5—why don't you treat Wally for a change?" Jill looked shocked and answered, "Me pay a boy's way? I wouldn't think of it!"

wouldn't she think of it? What's wrong with helping out once in a while?

Please print this letter for me and for thousands of other guys who don't have money bushes growing in the front yard.—Thin Wally

Dear Thin Wally: To you, and to those thousands of other guys who are suffering from shell-out falter, I would like to say this: In our society it is customary for the male to pay for himself and the lady.

It is perfectly acceptable for the girl to crash through with tickets now and then, particularly if the boy has taken her out a lot. But no self-respecting male would want to be handed a \$5 bill by his girl, nor would he want her to dig into her purse at the box office window.

DEAR ANN LANDERS: Our lovely daughter was married to a

no-good bum for almost two years. She tried every which way to get him straightened around but it was useless. Finally our own minister advised her to get a divorce. So she did.

After she filed suit for a divorce she discovered she was pregnant. The baby is due any time now. Of course her ex-husband is the father of the child but she doesn't know how to word the baby announcements. Should she say "Mr. and Mrs. ——— announce the birth of ———" or should it just be "Mrs. ——— announces ———" since she is no longer married to him?

Please set us straight. She is deeply concerned. Needing information

Dear Needing: Under the circumstances your daughter should skip the announcements. Friends and family will not need to be informed by mail.

DEAR ANN LANDERS: My

husband and I are in our middle 60s. We've both worked hard all our lives and now that we are at the stage where we could take things easier our kids won't let us. Every time we turn around somebody needs a loan. Last week our oldest son and his wife came over—depressed. They are "dead tired and need a vacation," but can't afford it. Will we loan them \$400 so they can go to Puerto Rico for two weeks?

They owe bills all over town yet they talk about taking a vacation on borrowed money. They still owe us \$300 which they borrowed to get their furniture out of storage.

My husband says we should let them have the money or they will think we are stingy and mean. If they needed it for an emergency I would say "yes," but I don't feel that we should lend them money for a vacation. What do you say?—Stingy and Mean????

Dear Mother: I say let them repay the \$300 they owe you and when they can look the rest of their creditors in the eye they should save toward that vacation in Puerto Rico. It's a heavenly spot—and they ought to go—but not on your money.

To learn the knack of feeling comfortable with the opposite sex, send for Ann Landers' booklet, "How To Be Date Bait," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

## The Ailing House

### Baseboard Loosens From Wall

BY ROGER C. WHITMAN

Q: I want to repaint our living room. The baseboard has separated slightly from one wall. How can this opening be filled?

A: Spackle is an excellent material for filling such cracks. It comes in powder form, mixed with water to make a paste, or in ready-to-use paste form, at paint and hardware stores.

Q: I bought a lot of second-hand books. Many of them are fairly old and seem to have a very musty odor. Is there any way to get rid of the odor?

A: Be sure the books are thoroughly dry. Then, if possible, air them in the sun for several days. Wipe off any mold on binding or pages with a clean, soft cloth, slightly dampened with alcohol, spreading the pages like a fan, to allow them to dry. The more ventilation and airing, the better.

yard 34-inch; blouse yard 35-inch.

# Century Club Party Held at Riverview

The Century Club celebrated the season of autumn Saturday evening at Riverview Country Club. Dinner and dancing were preceded by cocktail parties at the homes of Mr. and Mrs. Paul Truttschel, Mr. and Mrs. William Playman, Mr. and Mrs. Harold Adams and Mr. and Mrs. Karl Schuetter.

Serving as chairman of the party were Mr. and Mrs. F. C. O'Keefe.

With Happy Smiles on their faces, Mr. and Mrs. Harold Adams, left, arrived at the Century Club's party. Engaged in conversation, above, were Mr. and Mrs. Karl Schuetter and Mr. and Mrs. W. C. Playman. Mr. and Mrs. Paul Truttschel, below, whirled around the dance floor Saturday evening at Riverview Country Club.

## Today's Etiquette

BY LOUISE DAVIS

### TURN THE OTHER CHEK

Dear Louise: When our three oldest children were married, we were embarrassed and humiliated that most of our relatives ignored the invitations and never showed up. Now our fourth daughter will be married. My husband thinks that there is no sense in sending these relatives invitations who probably would not do the same. What is your advice or opinion?

Louise Davis Answers: I advise sending the relatives invitations anyway. There is no point in being vindictive even

though they once again may ignore you. If the invitations to the other three weddings did not include requests for replies, your relatives weren't obliged to write their acceptances or regrets.

### GODMOTHER'S OBLIGATION

Dear Louise: I will be godmother at a christening which will take place in a distant city. My husband who will be godfather will not be able to make the trip, so he will have a proxy. As godmother, what will be my obligations? Do I pay for the taxi cabs to the church? Do I pay the priest and do I pay for the ringing of the bells? Do I have to give something to my husband's delegate (the proxy)? What are my responsibilities to the parents of the baby and to anyone else? Do I pay for all of the proxy's expenses? I want to be correct.

Louise Davis Answers: Your only obligation will be your traveling expenses. No doubt you would wish to take a gift for the baby from you and your husband.

## Improbable Break Is Possible

We've been trying to get a bill through Congress to wipe out the difference between the improbable and the impossible, but you know what Congress is like. We'll have to struggle along for another year or two with an occasional bad break in a key suit. Imagine you're South. You take the ace of spades, cash the ace of hearts, and plan to reach dummy and discard a spade on the king of hearts.

For this purpose you draw trumps with the ace, the queen and the jack. That draws all the missing trumps and gives you a feeling of security. Now you cash the king of hearts to

aces have gone. You cannot lead to the jack of diamonds and then get back to your hand.

**Only Chance**

Your only chance is to lead the king of diamonds, overtaking dummy's jack. This will work out well if the diamonds break 3-2 as they should about two-thirds of the time. You will then be able to capture all of the diamonds with the king and ten.

As it happens, the diamonds break 4-1. You cannot run the suit, and you wind up going down two. Get ready to send a letter to your Senator.

Don't be suprised if your Senator tells you that you should have played the hand better. The correct line is to draw only two rounds of trumps before cashing the king of hearts and leading the queen of diamonds from dummy.

When a spade comes back, you ruff, but you still have a trump left in your hand. You can lead a diamond to dummy's jack and still get back with your high trump to draw West's last trump and run all of the diamonds.

Suppose that second diamond gets ruffed? That won't happen if the diamonds break 3-2. It also won't happen if the player with one diamond started with only two trumps. This is the extra possibility that you get as a free bonus by drawing only two rounds of trumps.

**Daily Question**

Partner opens with one diamond, and the next player passes. You hold: S J 7 6 4 3, H Q 10 8 4 2, D A, C 7 6. What do you say?

Answer: Bid one spade. With two five-card suits, respond first in the higher suit. If both suits were four-carders, you would respond in the lower suit, hearts.

For Sheinwold's 36-page booklet, "A Pocket Guide to Bridge," send 50 cents to Bridge Book Box 3318, Grand Central Station, New York 17, N.Y.

**Mrs. James G. Pahl Couple Is Married in Fall Rite**

KAUKAUNA — James G. Pahl claimed Miss Leone M. Smudde as his bride in a 10 a.m. double ring ceremony today at St. Nicholas Catholic Church, Freedom.

The Rev. Alfred Hietpas performed the nuptial high mass for the daughter of Mr. and Mrs. Al G. Smudde, route 2, and the son of

Mr. and Mrs. Robert Pahl, 220 E. Ninth St.

A sister of the bride, Miss Beverly Smudde, served as maid of honor. Bridesmaids were Miss Joan Hietpas, a cousin of the bridegroom, and Miss Ann K. Smudde and Miss Lois Smudde, the bride's sisters.

Acting as best man was Donald Feldkamp. The bridegroom's brothers, Thomas and Robert Pahl, were groomsmen. Gerald Pahl, a brother of the bridegroom, and Ronald Hietpas, the bridegroom's cousin, fulfilled ushering duties.

A wedding dinner was served at the home of the bride's parents. A reception, supper, and dance took place at Van Abel's Restaurant, Hollandtown.

The bride, a graduate of Freedom High School, is in the office of Thilmany Pulp and Paper Co. Mr. Pahl is an alumnus of Kaukauna High School and the Milwaukee School of Engineering. He is a foundry engineer at Brillion Iron Works, Brillion.

After a wedding trip to Colorado, the couple will reside at 300 W. Fourth St.

1 large tomato, chopped finely  
1/2 medium onion, chopped finely  
4 garlic buds, minced  
Pinch marjoram  
Salt to taste  
Pepper to taste  
Chili powder to taste  
3 whole stalks celery  
1/2 cup chopped parsley  
3 quarts chicken broth  
1 slice yellow squash, cubed  
3 medium white potatoes, cubed  
1/2 cup rice  
16 large shrimp  
2 sweet potatoes, cubed

1/2 cup shredded American cheese  
3 hard-boiled eggs, cut in strips  
8 pieces whitefish, fried and cut bite-sized  
1 cup evaporated milk

Mix oil, chopped tomatoes, onions, minced garlic and pinches of marjoram, salt, pepper, chili powder to taste, whole celery and chopped parsley. Cook five minutes in skillet, stirring constantly. Do not allow to brown.

Add broth, squash, white potatoes, rice and shrimp. Cook until potatoes are about half done, eight to 10 minutes. Add sweet potatoes and continue cooking for about 15 minutes.

Just before serving time, add shredded cheese, hard-boiled egg strips and fried fish cut into bite-sized pieces. Bring mixture to a boil, then remove from heat and add milk. Discard celery stalks and serve immediately. Recipe serves eight persons.

**RISOTTO DE SCAMPI**  
(Italian Shrimp-Rice)

1 pound small shrimp  
1/2 cup olive oil  
1 large onion, finely chopped  
1/2 cup dry white wine  
1 cup long grain rice  
2 cups water or chicken stock  
Salt, pepper to taste

Clean and peel shrimp, but use in recipe raw. Heat olive oil; add chopped onion and saute until onions transparent. Add raw shrimp; cook until shrimp slightly browned. Add wine; cover and simmer 30 minutes. Put mixture of shrimp, onion and uncooked rice in kettle on top of stove. Bring to boil uncovered; then cover and simmer for about 20 minutes, or until rice is cooked, stirring occasionally. Season to taste. Recipe makes four servings.

**PERE COTTE BIANCHE**  
(Italian Pears)

6 pears

4 cups dry white wine  
1 1/2 cups sugar

Peel pears. Place in baking dish with wine and sugar. Cover with waxed paper that has been dipped in water. Bake in 350-degree oven about 45 minutes, or until pears are poached and tender. Recipe serves six.

**FEIJOADA**  
(Brazilian)

3 cups dried black beans  
1/2 pound dried beef  
Water  
1/2 pound smoked sausage  
1/2 pound smoked pork  
1/2 pound smoked tongue  
1/2 pound bacon  
3 scallions, minced  
1 onion, minced  
2 tablespoons salad oil  
1/2 minced garlic clove  
Dash cayenne pepper  
Cooked rice

Soak dried beans in water overnight; drain. Add dried beef and cover with water; simmer for about two hours. Add sausage, pork, tongue and bacon to beans

at end of first hour of cooking; simmer all together until beans are soft enough to mash easily.

Saute the minced scallions and onions in oil until vegetables are soft and yellow. Add minced garlic, cayenne pepper and cook until lightly brown.

Remove half the beans from the kettle; add to onion mixture. Stir and mash beans. Return this mixture to bean kettle; simmer until bean mixture is thickened to the consistency of ordinary cream soup.

Remove meats and arrange on platter after slicing. Pour a little of the bean mixture over meat

slices and serve remainder in a soup tureen or deep dish.

Rice always is served with this dish and it's usually mixed with the beans and meat at the table by each individual diner. Recipe makes six servings.

**WEST INDIAN FRUIT PIE**

1 cup cubed fresh pineapple  
2 fresh pears, peeled, diced  
2 bananas, diced  
1 cup dried figs, finely diced  
1/2 cup light brown sugar, firmly packed  
1/4 teaspoon salt  
1 tablespoon flour  
Grated rind 1 lemon  
Juice of 1 lemon

**Pastry for 9-inch pie**  
Rum Sauce

Combine pineapple, pears, bananas and figs. Add brown sugar, salt, flour, lemon rind, lemon juice; blend mixture well.

Line nine-inch pie pan with pastry. Pour fruit mixture into shell; cover with pastry top and crimp edges. Bake 15 minutes in 425-degree oven, then reduce heat to 350 degrees and continue baking for 45 minutes. Serve hot with Rum Sauce.

**RUM SAUCE**  
2 tablespoons sugar

**Peanuts 'n' Popcorn**

When you are planning on popping about three quarts of corn for a small-fry party, have about half a pound of peanuts on hand to mix with the popcorn.

2 teaspoons cornstarch  
1/4 teaspoon cinnamon  
2 tablespoons water  
1/2 cup rum

Combine sugar, cornstarch and cinnamon. Add water and rum, mixing well. Cook until sauce thickens, stirring constantly. Serve hot over pie.

**There's a Fashion Shop Credit Plan for You — Charge Account — Budget Account — Layaway**

Registering for the All Day program were Mrs. Willis Van Horn, representative of the Appleton PTA Council; Donald Day of the Appleton Health Dept., local arrangements chairman; James Murphy, prin-

cipal of James Madison Junior High School and panelist in the School Safety Workshop; and Mrs. James Milske, Mrs. Edward Hartjes and registration chairman Mrs. Donald Hoh, all of Combined Locks.

**Suggesting That it** would be well to spread the contagious 'disease' of safety, Mayor Joseph Bay-orgeon of Kaukauna was one of the leaders of three cities who welcomed guests at the Home and School Safety Seminar Wednesday at the Darboy Club. Mayor John Klein, Menasha, and Mayor Clarence Mitchell, Appleton, also extended greetings. At right, during the morning coffee hour, are Dan Webster, Chief of the Recreational Safety Bureau, U. S. Public Health Service, Washington, D. C.; Mrs. Marvin Beyer, co-chairman of the seminar; Miss Marion Freemore, Outagamie County Nurse, and Miss Mary Ann Werner, Neenah City Nurse. Below, Chairman William

Berfield of Employers with speakers Phil Dykstra, Chicago, of the National Safety Council; Mrs. J. E. Krueger, Milwaukee, and George Sil-

Mutuals of Wausau visits verwood, Green Bay. Representatives of safety-interested groups in Green, Calumet, Winnebago, Dane, Brown, Milwaukee,

Shawano and Outagamie Counties attended the program. "Parental Responsibility for Child Safety." (Post-Crescent Photos)

## Seminar Concludes Parents Responsible For Child Safety

The useless and needless loss of life in homes and schools brought together safety experts from many parts of the country Wednesday for the Fourth Annual Home and School Safety Seminar. As an afternoon workshop speaker, William Redmond, speaking of traffic safety stated, "Unfortunately, the people who need education in safety are not the ones who attend such meetings. Those who should attend are the parents of small children, who figure in an ever increasing

Keynoting the program was Mrs. John E. Krueger, Milwaukee, vice president of the Women's Activities of the Wisconsin Council of Safety. She cited the cold hard statistics of 97,000 accident deaths every year, added to it the nine million disabling injuries, and noted that accidents touch everyone in some way. Approximately one third were highway deaths, one third industrial and another third, in the home. All could be tied to one specific cause — carelessness. One home accident every nineteen minutes results in death. Every eight seconds someone suffers a disabling injury, Mrs. Krueger reported.

Falls and fires are the prime causes of deaths in the home. Suffocation is next, with 2,800 of the 3,000 victims under four years of age. Poisonings are also a major cause, with aspirin ranking far above other products as the deadly agent.

The fifth leading cause of death in home accidents is guns—these are not deaths by murder or suicide, she noted, but an annual 1,000 accidental shootings. One fourth of these home accidents affect those under four years of age.

Two major problems are named as causes of such slaughter, Mrs. Krueger noted, environmental and human. Homes which are designed to eliminate physical hazards are obviously safer than those which are not. Danger areas are

stairways, kitchens, window areas and indoor and outdoor play space. The human factor notes how mental and emotional stress adds to accident potential. Worry over an unpaid grocery bill or a breakfast argument may be the connecting link to a mangled hand or a bad fall. The human factor has been established in many studies as responsible for 95 per cent of all accidents.

**Emotions Exact Toll**  
Emotions affect physical coordination, make us inattentive, distract us and slow us down. Worries take attention from the task at hand, blurring the mind's awareness of danger. Excessive hurry, foolhardiness or 'take a chance' attitudes all contribute to the human causes of accidents.

In attempting to present a good safety program in a community people must ask if they are making the assumption, unchecked by test, that they know the home safety problem? Are people conditioned to fear rather than intelligence? Turn to Page 7, Col. 1

Discussing Arrangements and accommodations for the May Division meeting of National Secretaries Association (International) Saturday at the Conway Hotel were, standing, Mrs. Leone A. Haase, Appleton, chair-

man, and Mrs. Leone Davis, co-chairman. Seated are Mrs. John Lary, Madison, Miss Lorraine Baum, Milwaukee, and Mrs. J. C. Kaiser, Racine. The meeting will include representatives from throughout the state.

## Secretaries Prepare for Spring Event

Representatives of National Secretaries Association (International) met Saturday noon at the Conway Hotel to make preparations for the Wisconsin Division meeting planned May 15 through 17 at the Hotel. On hand for the planning session were Miss Lorraine Baum, Milwaukee, division president; Mrs. John Lary, Madison, division vice president, and Mrs. J. C. Kaiser, Racine, past division president.

About 150 secretaries from the state are expected to attend the three-day meeting. Mrs. Leone Haase, Appleton, is general chairman, assisted by Mrs. Leone Davis. Both are members of the Fox Cities Chapter.

## Broiled Snacks

Spread lightly toasted bread with deviled ham and pickle relish; top with sliced cheddar cheese and broil until the cheese begins to melt. Great for snack-time!

## Safety Is Product Of Attitude

Continued From Page 6

gent action, making them victims of an easy, cure-all approach rather than an intelligent recognition of hazards? Are people assuming that it is not their job to find a solution, and leaving it to the government or some other nebulous 'they' to work out an answer? And are they neglecting to realize the importance of every individual in doing his own part for safety?

On the positive side, Mrs. Krueger asked four more questions concerning any educational program aimed at safety. Are we increasing the fund of reliable information about new products on the market: new labor-saving devices and their possible hazards; safe use of powerful insecticides; conditions under which ordinary household 110 volt current may be dangerous; proper ways to light gas appliances, and the 10 commandments of firearms safety? Are we teaching new skills to adults as well as teen-agers in household management, infant care and the other do-it-yourself fields? Are we trying to alter attitudes and point up the individual sense of responsibility, not only for oneself but for the neighborhood and the community? And are we helping people to think and act in terms of values, promoting respect for human dignity, for the individual, and one's own integrity?

### Everyone Has Answer

An honest analysis of the home safety problem will conclude that it is overwhelming and complex—and that the solution lies in every human being's acceptance of a personal interest and responsibility.

Adaptation to a greatly changed environment will face every individual in the next 10 years, George Silverwood, Safety Director of the Green Bay Public Schools, told his seminar audience. Countless new hazards will plague man's future existence, and adequate learning experience must be provided for our children as they struggle to adjust to an existence characterized by lack of stability.

In spite of great technological progress, we have failed to anticipate accident prevention needs, he stated. Industry was the first to awaken to the value of a safety program aimed at prevention. Guards and shields were placed on machines—but the conclusion led them to realize that accident potentials lay within the worker himself.

### Reduction In Industry

Continued stress on attitude has reduced industrial accidents to the point where the majority of time lost is because of injury off-the-job.

Conditions for home safety are not the same as those for industry, where the situation is controlled, Mrs. Silverwood stressed. It is necessary to 'sell' people on safe behavior. The school and home must do the job, but have done it with only limited success. To be effective, it must develop knowledge. The home is the place to begin safe attitude development, stressing the avoidance of thoughtless acts, the attempt to foresee an action's results; encouraging consideration for others and respect for everyone's rights. The right attitudes given to children will do more in later years to prevent accidents than any other parental-induced reaction.

### Must Set Examples

The building of right safety attitudes in a child includes setting examples — obeying traffic signs and speed limits; using seat belts,

getting out of a car on the curb side; holding home fire drills, working out a safe school route with the child; having a home fire extinguisher, and refusing to buy a bicycle until a child is old enough to ride it in the street. The speaker advised that accident prevention become a family way of life.

A comprehensive accident reporting set-up for each community is the only way an area can determine its own accident problem. This is carried out very well in the Appleton School System and several other cities in the Fox Valley, he noted. Such a report, and the resulting summary, point out specific problems for a given area. In some places bicycles may figure in accidents, in others it may be playground activities or farm accidents.

Noting the dates of accidents reveals the times of year certain types are more common, which types are most serious, where they happen and what kinds of injuries result. Once the problems are known, the aim should be to set up an effective long-range safety program. Lists of don'ts for children usually arouse only antagonism. Rewards for safe behavior may have some merit, but too often when the reward is

## Glazed Ham

Ever use half honey, half brown sugar for a ham glaze? Moistened the sweetenings with a little vinegar and add a suspicion of dry mustard; or use prepared mustard for the moistening ingredient.

## Broil Potatoes

Top pineapple rings with mounds of mashed sweet potatoes and broil or bake until hot. Serve with ham or pork.

removed, so is the safety factor.

It is up to the parent and teacher to shape habits and attitudes in early years and provide conscious application through the teens by provoking good, sound thought and analysis. A child should be taught the safe way to change fuses, handle firearms, swim, boat, and use a lawn mower. And he should be given the opportunity to acquire physical skills, learning the right way to lift heavy objects, climb a ladder, fall correctly, close a car door and use hand tools and power tools.

Attitudes and knowledge will arm boys and girls with the best possible defense mechanisms against accidents. Mr. Silverwood concluded.

Thresher Lost in Atlantic

# Families of Doomed Sub Crew Continue to Reflect Heartbreak

BY JAMES CALOGERO  
PORTSMOUTH, N.H. (AP)—The families of the Thresher men—but the heartbreak they suffered still shows through.  
The Navy's underwater pride and joy, the nuclear submarine Thresher, sank with the loss of 129 men during a test dive 220 miles off Boston six months ago today.  
Since that day, April 10, the mother tells a visitor she awaits submarine has been waterlocked the day the boy will understand

only a mile and a half out of reach—the depth of the water at her Atlantic grave  
Ashore, a girl, 3, scribbles a childish note and asks her widowed mother to mail it to daddy  
The mother answers kindly and fights the tears  
A boy, 6, reminds his mother that daddy has been away to sea an awfully long time and asks when is he coming home. The mother tells a visitor she awaits submarine has been waterlocked the day the boy will understand

In another home in the Portsmouth area, a 3-month-old boy his father is never to see gurgles, unknowing of tragedy. He was born three months after his father went down  
Loss of Thresher left 150 fatherless children. Aboard the submarine were 16 officers, 96 enlisted men and 17 civilian technicians.  
There is no bitterness among the widows and children.  
At a trum ranch home in Portsmouth, Mrs. Walter Jack Noonis says her two sons and two daughters, ranging in age from 2 to 10, keep her busy "but there's this terrible loneliness about the time of the day your husband is supposed to be coming home."  
"At first you tell yourself this is another sea trip which will end, but you can't make yourself believe it, especially when your son asks when is daddy coming home this time."

**Chief Radioman**  
Noonis, a native of Detroit, was chief radioman with 17 years of Navy duty behind him.  
Before going on his last trip, Noonis built a family room between the garage and the kitchen of his home. He adorned the knotty pine walls with pictures of Thresher, the ship's plaque and charts of seas he had traveled.  
His pretty blonde wife has changed nothing in the room.  
In Rye, N.H., Mrs. Michael J. Di Nola—her husband was a lieutenant commander—took a breather from the strenuous effort her five small children require and recalls the past six months.  
"With five small children, I knew I had to face up to the facts and make my adjustment quickly. I found the answer in keeping busy.  
"The neighbors were absolutely terrific. With their guidance, I bought this expanded bungalow. We used to rent across the street. The neighbors painted the out-

Mrs. Walter Jack Noonis, whose husband was one of the 129 men lost when the nuclear submarine Thresher sank off Boston six months ago today is shown in her Portsmouth, N. H., home. Mrs. Noonis says her four children, ranging in age from 2 to 10, keep her busy but there's "a terrible loneliness about the time of day my husband is supposed to be coming home." (AP Wirephoto)

side I did all the interior painting and put up the wallpaper myself. Now we're enlarging the garage."  
She's still active in Navy affairs.  
"It's the way Mike would have wanted it," she says. "The Navy was his whole life since his days at Annapolis. I met him on a blind date while he was a midshipman and I was doing graduate nursing work in New York, his home city."  
Gathered around her were her five children: Donna, 16 months; Matthew, 2½; Debra, 3½, born a year to the day before Matthew; Mark, 7, and Michael Jr., 9, "the image of his father."  
Mrs. Di Nola says she can be brave except when Debra writes her daddy little love notes.  
Richard Roy Desjardins II was

## Air Force Seeks College Grads For Commissions

College graduates with majors in science and engineering are needed by the regular Air Force, according to the Appleton recruiting office, 319 N. Appleton St.  
Graduates with degrees from accredited colleges qualify for

born last July 27. His father was a civil engineer at Portsmouth Naval Shipyard.

The infant's sisters, aged 6 and 9, know their loss, but like their mother find strength and comfort in church and friends. Their church is just down the road from them in Kittery, Maine.

Their mother says "the wishes of a merciful God must be respected. When a man's book is filled he must go. There is no room in my heart for bitterness or self-pity."

The families of the 112 Navy men received a death gratuity of six months pay. In addition they receive \$112 a month plus 12 per cent of base pay. Many of the men also carried national service and commercial life insurance policies.

**Private Fund**  
The children of the Navy men are eligible for college scholarships which can be drawn from the Dolphin Fund—a private fund in Norfolk, Va., administered by the Navy.

The 44 children left by the civilians lost on Thresher will be eligible for scholarships from a special memorial fund established through public subscription and being administered by Old Colony Trust Co. of Boston.

Thirteen of the civilians lost were employed by the Portsmouth naval shipyard and the other four by private contractors.

The families of the men who came under the jurisdiction of the shipyard received insurance benefits twice their annual salary, which ranged from \$5,500 to \$11,150.

Their widows also receive monthly payments from the bureau of employees compensation up to 75 per cent of the men's pay

**4-H Banquet**  
WAUPACA — J. L. Walker, county farm agent, will be the speaker at 7 p.m. today at the annual Outagamie County 4-H leaders recognition banquet at the Silver Dome, Greenville.  
Successful applicants may select fields closely related to their areas of academic specialization.

## How did GREEN BAY become "everybody's favorite small town"?

Well, as the saying has been going around, David beat Goliath. When the Packers from Green Bay hurtled to a stunning victory over the New York Giants in Yankee Stadium last year, it was more than the National Football League Crown that came home to Green Bay. It was a triumph of Green Bay loyalty, football fanaticism and Wisconsin pride. The origins, setbacks, fullbacks and halfbacks—the almost half century of Packer teams are described in a wallowing article in November Holiday. Who can tell the story more colorfully than Eli Waldron, the writer from the Bay Village of Oconto Falls? Into his narrative of "Everybody's Favorite Small Town," he weaves the big moments and lively history of Wisconsin's oldest city. Wisconsin fur trade and lumbering eras, Wisconsin people from Appleton to Oshkosh to Milwaukee, to Racine, are all in the Green Bay story. With homage to the big parade of great Packer players and stars of today, to Coach Lombardi from Brooklyn and Coach Lambeau whose former era produced 6 great championship years. Also to Green Bay people whose taxes built the million dollar stadium and to Wisconsin, whose celebrated community is now a national byword in sports history. Look into Green Bay in November Holiday. Everybody else will be watching it this year when the Packers may make even grander history as "the greatest team of all time."

# Reynolds Changes Mind on Appointment

Agrees With Union on 'Conflict' Of John Werner for Labor Board

MADISON—Gov. John W. Reynolds has acknowledged that he changed his mind about naming a professional labor organizer to the state employment relations board on account of the objections of organized labor, but has explained that the reasons were not those that have been assumed.

The governor chose Zel Rice, a Sparta lawyer, for a seat on the three member state labor board as he withdrew the nomination of John Werner, a ranking official of a public employees' union in Milwaukee.

The Wisconsin AFL-CIO had objected to the selection and the governor had been the target of some criticism for ostensibly permitting that organization to influence his choice for the naming of the state agency.

Reynolds in a careful statement issued from his office, said he had agreed with the AFL-CIO objections to Werner because of a potential conflict of interest if Werner took such an assignment.

His statement explained the municipal employees' labor law enactment by the 1961 legislature provides for employee elections to determine certified collective bargaining agents and that the municipal employee unions as represented in the American Fed-

# Appleton High 'Clarion' Picks Editorial Staff

New staff members for the 1964 "Clarion," Appleton High School yearbook, have been selected for editorial divisions.

Following a week's in-training program, the new staff will begin to prepare the sections for which they are responsible.

Those appointed and their section assignment include Mary Lee and Katie Krell, classes; Susan Lee, Helen Loeper and Rosemarie Shawve, faculty; James Reaves, Rick Peterson, Larry Kliska and Susan Earle, sports; Mary Rae, Diane Wiese, Denise Libske, Gayle Davies, Joseph Hopfensperger and Martha Miles, activities.

Photographers are Janice Funk, Dale Christian and Mark Tilly. The in-training program is being conducted by Bonnie Techlin, editorial editor-in-chief and Bonnie Buchinger, assistant editor.

In discussing what makes a good yearbook, all aspects, including layout design, photos, copy-reading, picture cropping and the over-all design, are covered.

Members were selected on the basis of a letter of application, an example of writing, art or photography, an original caption for a selected picture and a recommendation by a former teacher.

# Assembly Faces Tax Criticism

Expect Demands to Modify Sales Levy On Electricity

MADISON — The legislature will be confronted with strong demands for repeal or modification of what is being called the "discriminatory" sales tax on household electricity when it returns to the capital.

A three per cent levy on household electrical bills of most consumers was a part of the laboriously contrived revenue compromise of Gov. Reynolds and the legislature last summer which barely staved off a state treasury crisis.

Because the tax applies only to electricity, not to competing sources of energy, to some householders and not to others, has caused considerable resentment and there is a campaign to change the law or to get rid of it.

Levy Exemptions As the law is administered, the person who lives in the same establishment that houses his business, and an electricity user who is a farmer and does not keep a separate household meter, is exempt from the levy.

The signal for an expected fight on the issue was given when 17 city and village government members of the League of Wisconsin Municipalities submitted resolutions for the League convention in Milwaukee later this month denouncing the "discriminatory tax."

There is a sufficient number of other municipalities in Wisconsin operating municipal electric systems to make approval of the convention resolution a virtual certainty. The League delegates will meet in Milwaukee Oct. 23 and 24.

# Stamp Club to Hear Oshkosh Collector

The Outagamie Philatelic Society will hear a talk by Charles J. Peirce, Oshkosh, at the Appleton city hall tonight on the stamps of Turkey.

Peirce, recently appointed Wisconsin regional representative of the Society of Philatelic Americans, is a life member of SPA. He also is Oshkosh representative to the National Federation of Stamp Clubs. Peirce is an officer, and a charter member, of the Wisconsin Postal History Society.

# Whitewater College Setting New Records in Enrollment

MADISON — In an era of swift growth at all state-supported higher education institutions, the explosive expansion of enrollments at the state college at Whitewater is establishing new records.

The school in Walworth county which attracts students from the populous southeastern counties and some Illinois communities

recorded a 20 per cent increase in its student population, the highest ratio of gain in the state college and university system.

The Whitewater college appears likely to over-take the state college at Oshkosh, which has been the largest in the state college system. The Whitewater enrollment this year is about 3,600, against about 3,800 at Oshkosh.

Limiting Factor A limiting factor for the Whitewater school in the future is a university branch planned for the Kenosha-Racine area. This area now produces more than 1,000 students for extension centers in the two industrial cities.

President F. H. Harrington of the university has said that the university planners believe the southeastern corner of the state will one day have a branch university.

But such a development is some years distant and during the interim the enrollment records indicate a steady and substantial annual increase at the college in Whitewater.

# Hortonville Seniors to Present Class Play

HORTONVILLE — Hortonville High School senior class will present "Brother Goose," a three-act play, Nov. 1 at 8 p.m.

The cast will include Robert Tessen, Suzanne Laib, David Wendt, Barbara Rohloff, Judy Behrend, Marlene Meyer, Cheryl Schroeder, Nancy Glasenapp, Mary Menting, Beverly Brandt and Judy Griesbach.

The play is directed by Miss Evelyn Hince, assisted by John Renard.

# Propose 20 Vocational School Areas in State

## United Church Conclave Fails to Elect New Leader

Only Candidate to Replace Late Rev. John Scheib Withdraws

KIEL — The Northeast Wisconsin Association of the United Church of Christ still is without to close the rift between the local and state units which resulted in a somewhat less than amiable session, there were calls for unity and support of the nominating committee in future efforts to find another candidate.

Some 200 delegates representing the congregations in the association gathered Wednesday at the group's first annual meeting in hopes of electing a successor to the late Rev. John Scheib, Appleton. The only nominee withdrew before an election could be staged.

Picked by the nominating committee, headed by John Voss, Oshkosh, was the Rev. Vernon Jaberg, pastor of the Kiel congregation host to the meeting. His withdrawal came as a surprise.

The post of association minister is a full-time position. It is the top clerical office in the association. The first to hold the post, created after the association was formed as a result of the merger of Congregational Christians and Evangelical Reformed denominations, was the Rev. Mr. Scheib.

Dies in January — He died in January after only a brief tenure. The Rev. Edmond Hennig, Elkhart Lake, has been and as firemen assembled at the serving as interim minister. At the village to ascertain whether the caller had inadvertently given the wrong address.

Procedures used to select a nominee were outlined to delegates by the Rev. Kendrick Strong, Janesville, moderator of the UCC Wisconsin Conference.

The nominating committee, pointed out, consists of four from

## Would be Master Plan for State-Oriented Programs, Convention Speaker Says

A comprehensive plan to divide Wisconsin into 20 areas for the development of state-oriented vocational, technical and adult educational programs was presented here today to local vocational school directors by state officials.

The plan, if implemented, could be in operation within five years. Under the proposal, vocational schools within an area would work cooperatively in developing and offering state-oriented vocational and technical programs, while individual schools would continue to offer locally-oriented programs.

C. L. Greiber, state director of vocational and adult education, said the plan will be presented to the state board of vocational and adult education, to the coordinating committee on higher education and local directors for discussion by their boards.

Greiber said a decision to implement the plan must be made by the state board. Little new legislation is needed, and the plan can be implemented administratively, he said.

R. W. Winfield, chief of occupational information and guidance for the state board, presented the proposal to local directors at the concluding session of their annual fall conference in Appleton.

At their spring meeting, the directors had asked the state to present a plan for area organization.

A primary consideration, Winfield said, is that "vocational, technical and adult education should be available to all people in the state. This is not true today on an equal basis."

Any plan to be developed in Wisconsin cannot lose sight of the present organizational structure, he said. "We are almost obligated to develop an area plan on the basis of present administrative units."

A change in the policy relating to federal and state aids is necessary, he said, because the financial responsibility for state-oriented programs is now local. It should be the responsibility of the state, he added.

In developing an area plan, he said, the facilities, staff and equipment presently available would be used. At present some larger schools have the responsibility of developing state-oriented technical programs. The proposed plan would identify areas rather than schools, and the entire area, including smaller schools, would share in this responsibility. An area probably would have one major institution, he said.

The immediate accomplishment

St. Mary Graduate Receives \$1,750 Grant For Marquette Study

MENASHA — Miss Barbara Demerath, daughter of Mr. and Mrs. Joseph Demerath, 519½ First St., was recently awarded a \$1,750 grant from the Vocational Rehabilitation Administration for her outstanding work in Marquette University's School of Physical Therapy.

The former St. Mary High School student, Class of 1961, is should be willing to produce a junior at Marquette. She is active in the Women's Student Council, plays in the school band and is vice president of the Physical Therapy Council at the university.

To receive the All American rating, a book must be rated superior in most areas. The "Clarion" received special recognition for copy writing and photography treatment.

The 1963 editorial staff was headed by co-editors Ellen Behl and Ellen Poppe. Michael Liethen was the photographer. Editorial advisors were Mrs. Caroline Sullivan, Mrs. Emily Borchardt and Miss Leone Rohbach.

Joanne Bystrom was editor-in-chief of the 1963 business staff. Herbert Timmerman was faculty advisor of the business staff.

24 Communities Get Power Refund

MADISON (AP)—The Wisconsin Public Service Commission announced Wednesday that \$60,770 will be refunded to some customers of the Wisconsin Public Service Corporation this month.

The refund is from the Michigan-Wisconsin Pipe Line Co. under a Federal Power Commission order adjusting the company's rates covering a 69-month period.

Customers who will benefit from the refund are in Brillion, Chilton, DePere, Green Bay, Kiel, Marinette, Merrill, New Holstein, Oconto, Oshkosh, Peshtigo, Plymouth, Sheboygan, Sheboygan Falls, Stevens Point, Two Rivers, and the villages of Elkhart Lake, Howard, Kohler, Lena, Park Ridge, Reedsville, Valders and Whiting.

## Appleton Will Get New Fire-Police Alarm System

Vote on \$14,000 Issue Ends Several Years' Debate

The Wisconsin Telephone Co. multi-purpose fire and emergency alarm system will be installed throughout the City of Appleton as result of action by the common council Wednesday night.

Aldermen, after engaging in some debate on the merits and demerits of various alarm systems, voted 18 to 1 to lease the telephone company's system at a rate of \$14,000 per year.

The council's action capped several years of deliberation on the subject of improving the city's overall fire and police alarm system.

The matter was brought to a head in recent months when the common council made the decision to construct a new No. 1 fire department station at Atlantic and Drew Streets.

Draw Plans — Architect George Narovec recently notified the council that a decision on the type of alarm sys-

an estimated \$13,000 to \$14,000 with the burden of maintenance on the city electrical department.

A few aldermen indicated the decision-making should be delayed a week, but it was the general feeling the alarm system had been studied and deliberated long enough.

No Recommendations — It was noted that neither the police nor fire chief made a recommendation on which system the city should have.

Basically, the Wisconsin Telephone Company's system was selected over those of several other firms in that aldermen felt it would provide more service to Appleton residents.

The alarm boxes, to be located in various parts of the city, can be used by anyone to report a fire, call the police or report any kind of an emergency. Aldermen claimed it would also be a valuable aid the year around to the department of public works, especially during the winter months.

Under the new system, a per-

Turn to Page 8, Col. 2

## Adult Schools Seek U. S. Aid

Want \$25,000 to Develop Modern Reporting System

Wisconsin vocational and adult school directors Wednesday recommended the state board seek \$25,000 in federal funds to develop an adequate statistical and financial reporting system for vocational-technical education.

A committee report approved by the directors' association at the fall conference in Appleton said the present procedures are unclear and cumbersome, foster incorrect or incomplete reporting, and make no provision for an integrated automatic data processing system.

Other committee reports recommended:

—That the state board consider employing a circuit teacher to train vocational school teachers.

—That a strong cooperative program be developed between vocational schools and public high schools to serve "compulsory age" (under 18) students.

—That vocational schools as well as high schools should have highly trained guidance personnel.

R. W. Winfield, chief of occupational information and guidance for the state board, suggested the use of new educational techniques such as educational television, programmed learning or correspondence courses to reach persons who need further education, but are not interested in coming to the vocational schools.

## Hold Menasha Man for Thefts From Vehicles

MENASHA — Police are holding a Menasha man suspected of breaking into two cars on Mill Street Wednesday night and possibly involved in a series of auto breakins earlier this year in which thousands of dollars in articles were taken.

The man, unidentified until after arraignment in Branch Three Court, Oshkosh, this afternoon, was arrested while in a car owned by Clifford Butth, 2201 W. Robe Ave., Milwaukee.

The man claimed it was his auto. Police checked registration records and found the auto to be owned by Butth.

Another car parked nearby, operated by Frank J. Stachnik, 2621 South 98th St., West Allis, and owned by the Wisconsin Jewelry Supply Company, Milwaukee, also was found to have been broken into and the rear seal torn in an apparent attempt to gain entrance to the car's trunk where jewelry samples were kept.

After the arrest police searched the suspect's room and found a gold pen similar to one reported missing from the Stachnik car.

## Appleton Rector, Doctor to Attend Church Conference

The Rev. Carl E. Wilke, rector of All Saints Episcopal Church, and Dr. Bruce Cronmiller, 738 E. John St., will be delegates to the 33rd Synod of the Province of the Midwest Tuesday through Thursday in Peoria, Ill.

The general theme of the synod will be "The Church's Mission to the Mind of Mid-America," with special reference to the ministry of the church within the community of higher education.

Father Wilke will lead a discussion on "The Role of the College Chaplain or Parish Priest" in serving the academic community.

## Anti-Bad Check Effort Needs Teamwork

District Attorney Urges Credit Exchange Members to Cooperate With Law Agencies

A successful campaign to halt obtaining facts. Record the fact bad check passers in Outagamie of who approved each check County must have the support of passed," Schaefer said. He also the merchants, the citizens and suggested requiring the person the law enforcement agencies, passing a check to endorse the Dist. Atty. Nick F. Schaefer told check at the time of cashing.

Suspect-type Checks — Checks fully written out and endorsed, a person who has never been in the store before, a check with illegible writing, and an out-of-area bank check should arouse curiosity, Schaefer said. Any unusual printing should be questioned, Schaefer said that one check passed in Appleton last week had the words "Void Specimen" on the face of the check. It was a salesman's sample.

Citizens should be willing to accept the reasonable rules established by the merchants in cashing checks, Schaefer said, and should be willing to produce a junior at Marquette. She is active in the Women's Student Council, plays in the school band and is vice president of the Physical Therapy Council at the university.

"Some merchants claim customers became highly insulted when asked to prove who they are," Schaefer pointed out.

Nick F. Schaefer

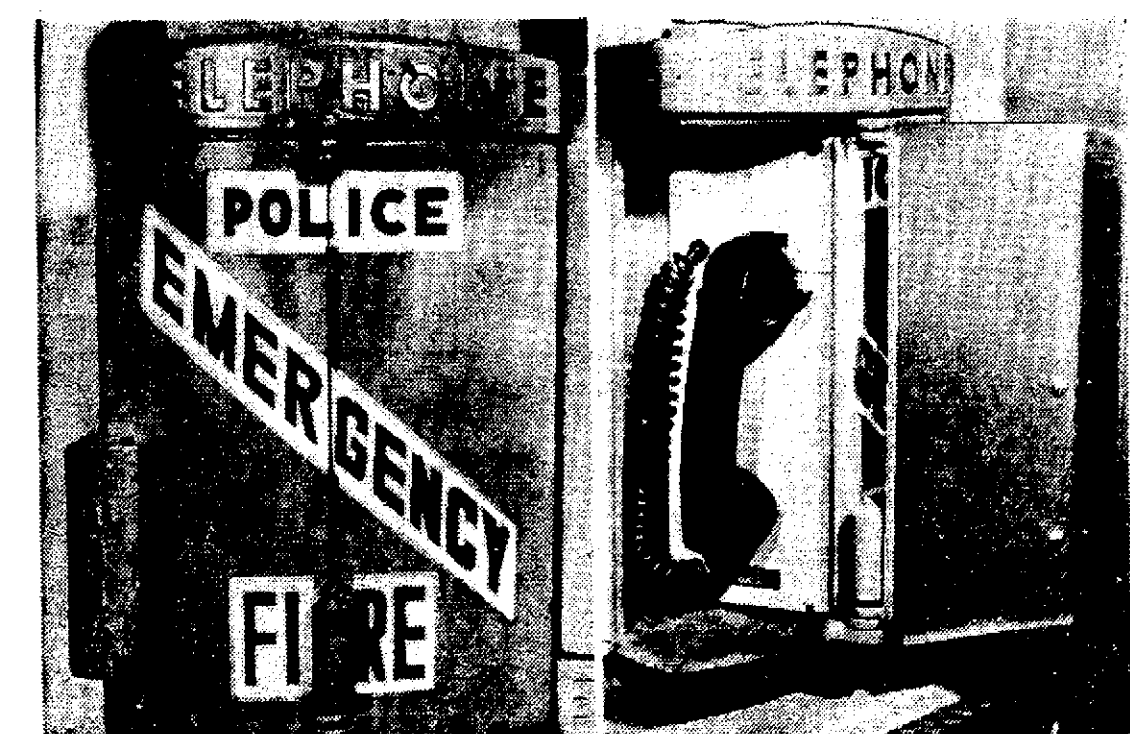

ceived complaints about 282 worthless or forged checks passed in Outagamie County since Jan. 1 and through June 30. According to FBI and reports from the Wisconsin Crime Laboratory, losses from bad checks run to about \$500 million per year throughout the country.

A written statement from an Iron Mountain, Mich. man who passed over \$800 in worthless checks in less than two weeks was read to the exchange. The man said in the statement that he could walk the length of College Avenue in 15 minutes and pass \$1,000 in worthless checks. The statement also pointed out that Appleton was an easy place to obtain blank bank checks.

Accurate Information — Schaefer used official police records to point out how the man was captured by police and what investigation was necessary. He showed that the police must obtain accurate information on the worthless check passer in order to make an arrest.

"Merchants should make sure they get good identification, perhaps from a driver's license," Schaefer said. "Note the information on the check, put down a description and the license number."

"Designate a certain person in the firm as the responsible person for cashing the checks and

Here's An Open-and-Closed model of the Wisconsin Telephone Co. alarm boxes which will be installed throughout the city in 1964, giving Appleton residents increased emergency service. Residents will be able to pick up the phone and have direct contact with the fire or police departments. The system now is in use at Green Bay, Manitowoc, Sheboygan and several other Wisconsin cities. (Post-Crescent Photo)

## Committee Studies Sheriff's Pay Requests

Chairman Says Proposal for Boosts In Department Won't be Discarded

A request from Sheriff Calvin Spicer that 16 members of his department receive salary realignments amounting to \$50 each per month had not been acted upon by members of the county's civil service and salary committee today.

Sup. John Schreiter, committee chairman, said "we haven't acted upon the request, but we haven't discarded it either."

Schreiter said Spicer's request was sent to the committee last week by letter, Schreiter said he has also met informally with Spicer and discussed the request.

along with the \$50 per month increase.

Schreiter said that no wage increases will be sought for the county police department this year and that, in the main, wage increases will go to appointed county officials. Last year the county board approved wage hikes for certain non-appointed county employees.

Schreiter also said today that a resolution asking that the county hire a fulltime assistant district attorney at a salary of \$6,000 per year has been rescinded and may be considered at another time.

Resolution —

The employee filling the position would devote half of his time working as assistant corporation counsel and half his time in the district attorney's office. James Bayorgeon is the present assistant district attorney working part-time at \$3,000 per year.

A resolution will be submitted Tuesday placing the position of undersheriff back on a full year salary basis of \$5,040. Presently the undersheriff, Norbert Marx, receives a starting monthly salary of \$365 per month. The wage is based on a five-year step increase to the top pay of \$415, although the job is only a two-year position.

Also recommended was the creation of two sergeant positions within the department for the jailer and radio operator departments. These positions would be paid an extra \$25 per month

Walter Brown, Son of Mr. and Mrs. Curtis Brown, displays his magic talents during the annual sophomore talent show at Appleton High School Wednesday. (Post-Crescent Photo)

## All American Rating Goes to Appleton High

The 1963 "Clarion," Appleton High School yearbook, received the All American honor rating for the second consecutive year from the National Scholastic Press Association.

The book was judged within the classification of schools with 1,800 or more students.

The yearbook was judged on the overall design, the theme and a separate consideration of each section. Each section is evaluated for photo content, editorial content, content display and content treatment.

To receive the All American rating, a book must be rated superior in most areas. The "Clarion" received special recognition for copy writing and photography treatment.

The 1963 editorial staff was headed by co-editors Ellen Behl and Ellen Poppe. Michael Liethen was the photographer. Editorial advisors were Mrs. Caroline Sullivan, Mrs. Emily Borchardt and Miss Leone Rohbach.

Joanne Bystrom was editor-in-chief of the 1963 business staff. Herbert Timmerman was faculty advisor of the business staff.

24 Communities Get Power Refund

MADISON (AP)—The Wisconsin Public Service Commission announced Wednesday that \$60,770 will be refunded to some customers of the Wisconsin Public Service Corporation this month.

The refund is from the Michigan-Wisconsin Pipe Line Co. under a Federal Power Commission order adjusting the company's rates covering a 69-month period.

# Kennedy Says CIA Not Bucking Policy Of Administration

## JFK Says Record Shows Agency Has Backed State Department

WASHINGTON (AP)—President test of "his endurance and his Kennedy says speculation that the perseverance and his agility." Central Intelligence Agency has backed administration policy in South Viet Nam is "wholly true" and does the CIA an injustice.

At his first news conference in nearly five weeks, Kennedy also confirmed Wednesday that John Richardson has been transferred from his old post as chief of the CIA mission in South Viet Nam. He called Richardson "a very dedicated public servant" and he gave no reason for the transfer, nor said where Richardson would serve.

**Evening Session**  
The early-evening session with 250 reporters also produced a presidential announcement that the government will permit private businessmen to sell some \$250-million of surplus wheat to the Soviet Union and her European satellites. Acknowledging that "there will be some who will disagree with this decision," Kennedy said it is "very much in the interest of the United States."

A Kennedy statement that he thinks Sen. Barry Goldwater of Arizona can capture the 1964 Republican presidential nomination and publican presidential nomination—if he passes a pre-convention

Official Position  
A restatement of official opposition to military coups in Latin America, coupled with rejection of the idea of using American military might to thwart them. Short of the use of force, Kennedy said the United States was powerless to prevent recent coups in Honduras and the Dominican Republic.

A disclosure by Kennedy that the Soviet Union has made no rededicated public servant" and he sponse to his Sept. 20 proposal that this country and the Soviets mount a joint expedition to put a man on the moon by 1970. Kennedy said the subject might come up at a late-afternoon conference with Soviet Foreign Minister Andrei A. Gromyko.

**40-Hour Work Week**  
An assertion that it would be "a great mistake" to reduce the 40-hour work week. A statement that the administration is watchfully concerned about recent price increases in steel, aluminum, heavy chemicals and electrical equipment.

Kennedy was asked to discuss reports that the CIA played an independent role in South Viet Nam and clashed with Pentagon and State Department policies. He said this was "wholly untrue" and unfair.

The President said he studied the record of the past nine months and found nothing to indicate that CIA "has done anything but support policy."

At another point, however, Kennedy conceded officials have differed about policy in South Viet Nam. But now, he said, "I know of no disagreement on what our basic policies will be and what steps we will take to implement them."

In announcing approval of the grain deal, Kennedy said this "does not represent a new Soviet-American trade policy" but rather "one more hopeful sign that a more peaceful world is both possible and beneficial to us all."

**Buy Elsewhere**  
If American traders did not sell the wheat, he said, the Communists would buy it elsewhere in the Western world. He said a sale by the United States would boost the economy, save \$200 million in wheat storage charges, bolster the gold supply and help reduce the balance of payments deficit.

Kennedy also talked at length about domestic politics. He got started when asked if he expected Goldwater to be the GOP presidential candidate next year.

He replied: "I think he can do it. I think it is possible for him to do it. But he has a long road to go."

While declining to announce his candidacy, Kennedy said he expects "a hard, close fight in 1964." And he expressed hope that voters will conclude at election time "that the economy is moving ahead. That we are substantially stronger militarily, that the chances of war have been reduced over Berlin and perhaps in other areas."

But he said it would be premature for him to make such claims this far in advance of balloting

in the aircraft. The idea was good but the timing was wrong. LASCA flies only on Thursday and Saturdays. The pigs had to be delivered today. After inspecting the plane, it was decided to convert a horse stall into a pigpen. The freight crew, by this time, had left for the day and a man had to be called in to

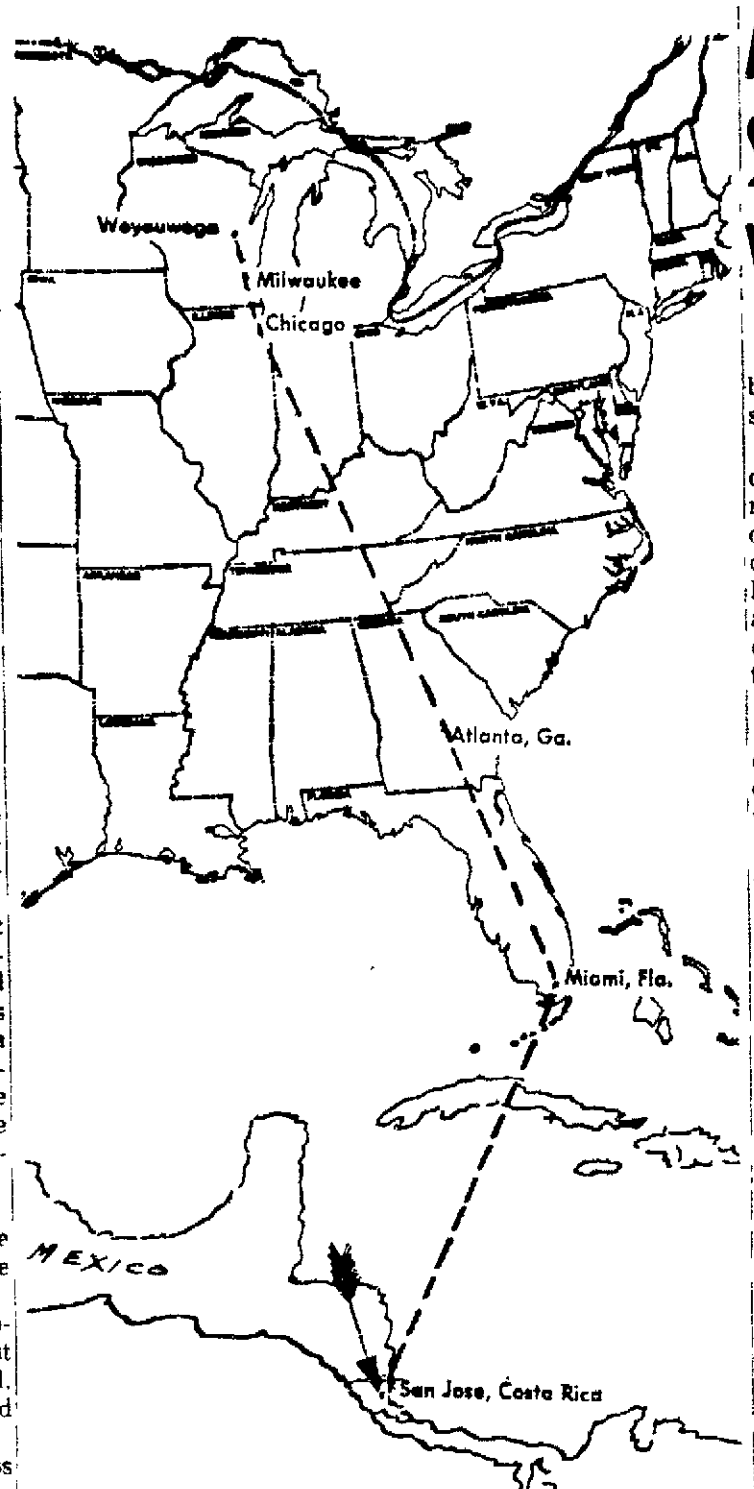

disinfect the stall and have it ready this morning.

The Miami problem was the second to occur in the flight from Chicago to Miami. In Atlanta, Ga., the two hogs were lost for a short time when there was a mixup at the freight offices. The problem was cleared up and the pigs reloaded on the airplane.

Throughout the U.S. portion of the route to Latin America operation "Piggy-Back" has continued to raise eyebrows. It seems overseas shipment of hogs is not an everyday occurrence.

**First Time**  
Eastern Airlines Capt. D. E. Preston, pilot of the Chicago to Atlanta flight, was surprised when he found two hogs aboard his plane. It was the first time in 13 years of flying he ever had transported pigs.

Work of Piggy-Back to Costa Rica is passing from one freight office to another along the line. Problems of the trip are being discussed. Gilbert Rojas has a whole new line of back-belluno hospital reported onlyers. Every airline freight office five injured were under treatment from Milwaukee, Wis., to San Jose, Costa Rica.

This Map Shows the route of flight Post-Crescent Reporter John Sawall and two Weyauwega Duroc pigs from Appleton to San Jose, Costa Rica. (Post-Crescent Map)

## Weyauwega Pigs Arrive in Costa Rica After Hectic Trip

CONTINUED FROM PAGE 1

At this point Ald. Alvin E. Tews (5th) moved that the council empower the board of public works to interview consulting firms, and the motion sailed through without opposition.

The wrapup came on another motion by Mrs. Stollings that the proper city officials petition the legislature for an amendment to permit the city to go more than 30 miles for water.

The Appleton Water Commission recommended going to Lake Michigan a year ago.

It is expected the board of public works will take action on the council directives when it meets next week.

Several nationally-known consulting firms have indicated interest in landing the contract for planning and designing the project.

At least four deaths in recent days, two in Knoxville and two in Kalamazoo, Mich., have been traced to the rare Type E botulism. There are now 10 persons being treated in Tennessee for the malady, three here and seven in Knoxville.

Relatives told Vanderbilt doctors a now familiar story in the mushrooming botulism situation. That Breault ate smoked white-fish last Friday and became violently ill later.

Doctors said this came only hours before the hospital's growing list of botulism victims threatened to deplete the supply of the hard-to-get serum on hand.

George J. Breault, 54, of Nashville became the hospital's third botulism patient in three days when he was hurried there in very serious condition Wednesday night.

**Familiar Story**  
The State Department refused to issue him a passport in 1952 on the grounds he was suspected of being a Communist. Pauling denied this under oath, but insisted on the right to speak his mind and choose his friends.

This independence of mind got him into trouble with his neighbors in World War II. He employed a youth of Japanese descent as a gardener at his home in Pasadena, Calif. His home was plastered with "Jap lover" signs.

He was born in Portland, Ore., 62 years ago and was graduated from Oregon State College in 1922. Three years later he received his Ph.D. at the California Institute of Technology.

After study in Munich, Zurich, and Copenhagen, he became professor of chemistry at California Institute of Technology in 1931.

**Disagreed With AEC**  
The dawn of the atomic age set Pauling to worrying about what

Foreign Dairy Exports to U. S. Will be Limited  
WASHINGTON (AP)—Secretary of Agriculture Orville L. Freeman announced today several foreign suppliers have agreed to limit shipments of some dairy products to the United States.

The limitations will apply, he said, to colby cheese, frozen cream and junex, a butterfat-sugar product containing not more than 44 per cent butterfat.

Sharp protests against increasing imports of these products have come from the dairy industry. It claims the imports tend to replace American dairy products in consumer markets and force the latter into surplus stocks of the government at a cost of millions of dollars a year to taxpayers.

released radioactivity would to the human race. He often disagreed with Atomic Energy Commission scientists who contended fallout from their tests were kept at a safe minimum.

The first hydrogen bomb explosion convinced Pauling that such a vast destructive force made future wars impossible.

In 1968, he accused Dr. Edward Teller, a leader in development of the hydrogen bomb, of putting out misleading statements in arguing for continued testing.

In 1960, Pauling risked citation for contempt of Congress by refusing to give a Senate Internal Security subcommittee the names of scientists who helped him circulate petitions calling for a ban on nuclear weapons.

## Appleton to Search for Water Supply

CONTINUED FROM PAGE 1

be made to go forward to take some other action."

Mitchell recommended the council decide whether it wanted a new water supply. If the board of public works should interview consultants, and whether the legislative delegation from this area should be requested to change the 30-mile pipeline limitation.

**Wants More Bids**  
Ald. Harold Hannemann, 10th, council president, inquired whether city officials were satisfied with the one preliminary report received by the water commission's consultant. "It is my opinion we should have another firm make a survey so we have more information on how to obtain water from Lake Michigan," Hannemann said.

Hannemann said he felt the way he did, and believed other aldermen went along with him, because a major project involving more than \$8 million was being considered.

Ald. Mrs. Dorothy Stollings (7th) shifted the council into gear with the first motion that the group "seek a new water supply for the City of Appleton." Several aldermen seconded the motion.

At this point Ald. Alvin E. Tews (5th) moved that the council empower the board of public works to interview consulting firms, and the motion sailed through without opposition.

The wrapup came on another motion by Mrs. Stollings that the proper city officials petition the legislature for an amendment to permit the city to go more than 30 miles for water.

The Appleton Water Commission recommended going to Lake Michigan a year ago.

It is expected the board of public works will take action on the council directives when it meets next week.

Several nationally-known consulting firms have indicated interest in landing the contract for planning and designing the project.

## Nobel Prize to Linus Pauling

CONTINUED FROM PAGE 1

254,219 Swedish kroner (\$46,465) share the 1963 prize of 265,000 kroner (\$50,961).

On the day of the award the committee does not state its reasons for making it. It will be outlined Dec. 10 when the prize is handed over in a ceremony.

Only one other individual has won more than one Nobel prize. Mrs. Marie Curie received the chemistry prize in 1911 and had shared a physics prize with two others in 1903.

**Outspoken Man**  
Dr. Pauling, an outspoken man was an early campaigner against nuclear tests, insisting they posed a serious threat to the health of mankind now and in future generations.

The State Department refused to issue him a passport in 1952 on the grounds he was suspected of being a Communist. Pauling denied this under oath, but insisted on the right to speak his mind and choose his friends.

This independence of mind got him into trouble with his neighbors in World War II. He employed a youth of Japanese descent as a gardener at his home in Pasadena, Calif. His home was plastered with "Jap lover" signs.

He was born in Portland, Ore., 62 years ago and was graduated from Oregon State College in 1922. Three years later he received his Ph.D. at the California Institute of Technology.

After study in Munich, Zurich, and Copenhagen, he became professor of chemistry at California Institute of Technology in 1931.

**Disagreed With AEC**  
The dawn of the atomic age set Pauling to worrying about what

released radioactivity would to the human race. He often disagreed with Atomic Energy Commission scientists who contended fallout from their tests were kept at a safe minimum.

The first hydrogen bomb explosion convinced Pauling that such a vast destructive force made future wars impossible.

In 1968, he accused Dr. Edward Teller, a leader in development of the hydrogen bomb, of putting out misleading statements in arguing for continued testing.

In 1960, Pauling risked citation for contempt of Congress by refusing to give a Senate Internal Security subcommittee the names of scientists who helped him circulate petitions calling for a ban on nuclear weapons.

## Today's Chuckle

The best way to arrive at a firm conviction on a subject is to find out what the boss thinks about it. (Copr. 1963)

## Reds Offered U. S. Wheat By Kennedy

CONTINUED FROM PAGE 1

at least two U.S. government subsidies designed to keep higher priced U.S. wheat and shipping competitive in world trade. And Kennedy made clear that the wheat "will be carried in available American ships, supplemented by ships of other countries as required."

Kennedy said the sale would be made at regular world price, about 60 cents less than the domestic market price. The federal government has an export subsidy that makes up the difference. So while the Communist countries pay the low world price, the U.S. dealers will receive the higher U.S. price. December wheat closed at \$2.11 a bushel on the Chicago grain futures market Wednesday.

**Taxpayer Load**  
As administration officials portrayed it, the wheat deal would lighten the U.S. taxpayer's load by trimming some \$200 million off the government's surplus grain storage costs.

They saw no subsidy to the Soviets, on grounds that the subsidy had already been paid to the U.S. farmer through his receiving the U.S. support price of 90 cents a bushel above the world market price.

They said the shippers are supposed to send the grain on American vessels to the extent they are available. This would mean more business for the U.S. merchant Marine, which is already subsidized in various ways.

Kennedy said the deal was good business for the United States in several ways. An improvement in the U.S. balance of payments, increase in gold supplies, strengthening of the farm economy and a reduction in the vast and costly U.S. wheat surplus.

**Free Agriculture**  
He saw a bonus in it, too: "This transaction advertises to the world as nothing else could the success of free American agriculture."

Looming in the background was the possible repercussions the U.S.-Soviet deal may have in the 1964 presidential campaign.

For example, Richard M. Nixon, his opponent in 1960, came out against the wheat sale, saying: "Why should we take the pressure off their economy?"

And other Republican leaders have shown no sign that they won't try to make political hay of it even though some of the GOP wheat state legislators plugged for the sale.

However, former Republican President Dwight D. Eisenhower has said he thought the deal "might be a useful thing."

## Thousands Killed In Italian Tragedy

CONTINUED FROM PAGE 1

Martino and Viaspessa. Vice Prefect Carlo Prestamburgo said Cadisago, Rivalta and Pirago, with a total population of 1,500 were wiped out.

Several other villages including Castellazo, with 1,000 inhabitants, were flooded as waters raised the level of the Piave's upper reaches by 16 feet.

Dozens of bodies tumbled and turned in the flood toward the Adriatic through this area of normally green cattle pastures, vegetables, fruits and sparkling red wine. Some were found in the mud ashore. Countless others were buried deep under rocks and sand.

Aside from its town hall on high ground, Longarone virtually was wiped out when the wall of water rushed upon it shortly before midnight.

This correspondent found the townsites flattened like a beach. Longarone's survivors said they did not recognize the place.

A man sitting on a boulder spoke as if in a daze.

**Family Wiped Out**  
"My family was wiped out—destroyed," he said. "I was in Belluno working. We were living here—or maybe there. I don't know."

Benvenuta De Mas, another villager, said, "It was worse than an earthquake or an atomic bombardment. Nothing is left. I had friends who lived here—or there. I don't know."

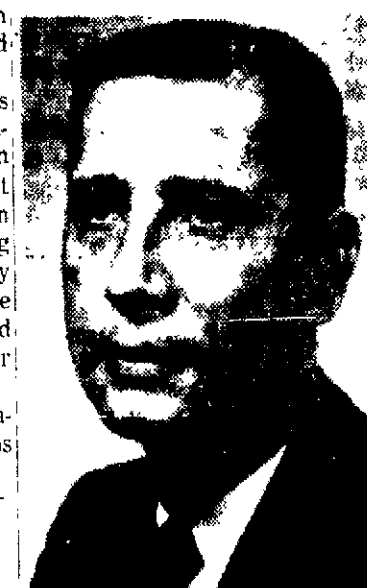

She said she and her family woke up feeling the ground tremble under their home.

"We immediately thought of the dam and ran from our beds. We saw flashes like explosions. There was a rush of wind. And suddenly we were standing in water."

The flashes apparently were power lines being tumbled by the water.

The U.S. Army's Southern European Task Force unit was flying CH-34 Choctaw helicopters into the area with the SETAF commander, Maj. Gen. Harrison A. Gerhardt, personally directing the operation.

By noon more than 10,000 Ital-

ation "Piggy-Back" has continued to raise eyebrows. It seems overseas shipment of hogs is not an everyday occurrence.

**First Time**  
Eastern Airlines Capt. D. E. Preston, pilot of the Chicago to Atlanta flight, was surprised when he found two hogs aboard his plane. It was the first time in 13 years of flying he ever had transported pigs.

Work of Piggy-Back to Costa Rica is passing from one freight office to another along the line. Problems of the trip are being discussed. Gilbert Rojas has a whole new line of back-belluno hospital reported onlyers. Every airline freight office five injured were under treatment from Milwaukee, Wis., to San Jose, Costa Rica.

At that hour officials said about 120 injured persons were in various hospitals.

A seismograph recorded an earth tremor at the time of the landslide. Geologists said they did not know whether the tremor caused the slide, or the slide caused the tremor.

"We are not finding many injured," said one official. "People, either saved themselves or died."

# Predicted in Fox Valley

**Wolf River Chairman Gordon Bubolz  
Speaks at Vocational School Session**

Gordon A. Bubolz, former state senator and chairman of the Wolf River Basin Regional Planning Commission, predicted that by 1985 the Fox Valley area would have 80,000 more inhabitants than it does now.

Bubolz addressed the final day of the state convention of the Vocational and Adult School Boards and administrators here.

## SPEBSQSA Plans High School Quartet Contest

LITTLE CHUTE — Plans are underway for the Kaukauna-Little Chute SPEBSQSA to sponsor a high school quartet contest early in spring of 1964.

School invited to participate include Kaukauna High School, Kimberly High School, Freedom High School, Wrightstown High School and St. John High School, Little Chute.

Boys interested in forming a quartet to enter competition can secure details from music instructors. These are Sister Mary Emily, Little Chute; Bernard Kiel, Freedom; Robert LaMont, Kaukauna; Gerry Kacher, Wrightstown, and Alan Leicht, Kimberly.

The SPEBSQSA chapter will provide a coach for each quartet entered. The possibility of a clinic for participating quartets sometime in February is being studied.

The winning quartet will receive a \$200 music scholarship for the school they represent will indicate the several units of government saving bond. Members of the quartet finishing second will receive a set of cuff links.

## Works Board to Air Storm Sewer Bids

KAUKAUNA — The board of public works will meet at 6:30 p.m. Monday to open bids on a various storm sewer projects to be carried out this winter.

After a review of bids they will be presented to the engineer for tabulation and recommendation. The purchasing committee will meet following the board session to study bids on a new squad car.

Homecoming Activities Began today at Freedom High School. The festivities will end with a parade and rally Friday. Royalty, in the back row, from left is Jo Ann Laundre, Charollette Green and Janice Vande Hey. Darlene Schuh, seated, is queen, and Katherine, Valentine, another member of the court, is on the floor. (Post-Crescent Photo)

## More Housing For Delinquent Boys Needed

**Welfare Unit Asks 1 Less Forestry Camp, New Wales Buildings**

OSHKOSH — The state board of public welfare is recommending two new forestry camps instead of the proposed three. It suggests adding two new housing units at the school for boys at Wales in lieu of the third camp.

These were the recommendations made to the state building commission during a meeting of the board Wednesday at Winnebago State Hospital.

In his recommendation to the board, Wilbur J. Schmidt, director of the state department of public welfare, reported there is a substantially more critical need for added housing for juvenile delinquents than for adult felons.

Two additional 30-bed units at the boys' school would increase the institution's residential capacity to 268—a manageable number, Schmidt reported.

Increasing Numbers He said the commitment of juvenile delinquents is increasing at a substantially greater rate than the sentences of convicted felons. Increasing the capacity of the training school would, in part, relieve the pressure building up which threatens to require a reduction in the average stay to an unreasonable degree.

The Board of Public Welfare also approved six appointments to the Comprehensive Mental Health Planning Committee. They are Geraldine Busse, Madison, assistant director, bureau of public health nursing; Dr. Albert Lorenz, Eau Claire, a psychiatrist; and four members of the state legislature, Sen. Casimir Kendzi-

## Midwest Musicians Headline 2-Day Conference at OSC

OSHKOSH — Several noted musicians and musical groups will headline activity for the Wisconsin Music Educators conference at Oshkosh State College this Friday evening and Saturday, according to Dr. Stanley Linton, Oshkosh State staff member and chairman of the arrangements committee.

Personalities heading up conference sessions include Charles Leonard of the University of Illinois, Weston Noble of Luther College, Mary Tolbert of Ohio State, John Kendall of Southern Illinois University, and Walter Boeler, of Ithaca College.

Musical Groups Clinic musical groups are the Ripon High School Choir, the Luther College Choir, the Appleton Senior High School Orchestra, and the Northeastern Wisconsin Area Band.

Conference delegates will have an opportunity to see the Oshkosh High School production of the "Music Man" on Friday evening. Saturday's schedule opens at 8 a.m. with registration. Clinic sessions in choral work, orchestra and band follow during the day. Other events are a panel discussion, exhibits, general session and dinner.

Wisconsin musicians taking official part in conference sessions include Lyle Iverson, Ripon; Mrs. Grace Duer, Fond du Lac; James Croft, Oshkosh; Frank Comella, Appleton; Harvard Erdman, Wautoma; David Schanke, Ripon; Francis Scholz, Appleton; Robert Gaarder, Kenosha; Stanley Linton, Oshkosh State; Harold Hoecherl, Appleton; David Hoff, Oshkosh State; and Mrs. Mary Hoffman, Milwaukee.

Harvard Erdman, Wautoma, is president of the WME group and Richard Gaarder, Kenosha, president-elect.

Elks Entertain State Officers

MENASHA — Neenah-Menasha Elks Lodge will entertain its state president and other state officers and their wives Saturday evening at the Elks club.

Paul A. Fischl, Manitowish, Wisconsin Elks Association president, and Mrs. Fischl will be honored guests. Visitors from lodges in the northeast district of Wisconsin, including Appleton, Kaukauna, Green Bay, Manitowish, Two Rivers and Oshkosh, are expected to attend.

There will be cocktails at 6 p.m., dinner at 7 p.m., and dancing from 9 p.m. to 1 a.m.

The committee making arrangements consists of Mr. and Mrs. Leonard Dybvik, chairmen; Mr. and Mrs. William A. Daniel Jr., Mr. and Mrs. Anthony Winters, Mr. and Mrs. George S. Nelson Jr., Dr. and Mrs. R. A. Juneau and Wayne Peterson.

Worker Injured in Fall at Paper Mill

MENASHA — Ronald Hopfensperger, 29, 1913 E. John St., Appleton, was rushed to The Clark Memorial Hospital in Neenah shortly after 3 p.m. Wednesday after suffering multiple lacerations to his forehead, nose and left hand when he apparently fell while working at the John Strange Paper Co. here.

Hopfensperger was taken to The Clark for emergency treatment by Lindy's Ambulance Service of Menasha.

Hilbert Band Mothers Elect New Officers

HILBERT — Officers were elected Monday at a meeting of the Hilbert High School Band Mothers.

Mrs. Leander Roehrig will serve as president, Mrs. Merlin Ott, vice president, and Mrs. Rueben Ott, temporary secretary-treasurer.

Plans to observe the 25th anniversary of the founding of the club were completed. A potluck supper will be held in the school Dec. 2. All charter members and past presidents will be honored.

The next meetings will be a fund raising social Nov. 4 with Mrs. Jerome Brantmeier and Mrs. Paul Kees, co-chairman. Serving on the committee will be Mrs. Reiner Depies, Mrs. Lloyd Loewe, Mrs. Ernest Pitzten, Mrs. Joseph Arheir, Mrs. Claude Meyers, Mrs. Arthur Pruess, Mrs. Edwin Schreiner, Mrs. George Rickard, Mrs. Robert Luck and Mrs. Reuben Ott.

Del Crandall and Miss Wisconsin Will Appear in Appleton

A three-day grand opening next week at Hoffman Drugs, Walter Avenue Shopping Center, will feature personal appearances by Del Crandall of the Milwaukee Braves and Barbara Bonville, Miss Wisconsin.

Crandall will be in the store Friday afternoon and evening, Oct. 10.

Miss Bonville is to be present from 11 a.m. to 4 p.m. Saturday, Oct. 19.

The first day, Thursday, will include a family open house.

## County Police Ask Board for Pay Increase

**Attorney Claims Salaries Higher in Oshkosh, Twin Cities**

OSHKOSH — Salary increases totaling an estimated \$13,940 were asked by members of the county traffic police at Wednesday's meeting of the County Board's sheriff, coroner and safety committee.

A delegation from the county police and their attorney, Henry P. Hughes, appeared before the committee to indicate the county police had a lower salary schedule than the police in Oshkosh, Neenah and Menasha as well as the state police.

Hughes declared that it is important in these days of John Doe investigations that the county police should not be in a position where they are underpaid and uncomfortable. He said their taxes and living costs are the same as the police in the other cities.

Hughes also indicated the Winnebago County police had a lower salary schedule than the Outagamie County police.

He said he understood that Neenah police were being recommended for a 3 per cent salary increase as of Jan. 1. Other committees have been consistent in granting salary increases but in Winnebago County the salary increases for the county police have been spasmodic.

Comparison Charts were furnished the committee members to show the salary comparisons of the county police with Oshkosh, Neenah and Menasha. Figured on a monthly basis, the salaries for patrolmen were \$495 in Menasha, \$495.43 in Neenah, \$477 in Oshkosh, \$440 in the county police and \$560 for the state police, the charts indicated.

Sergeant's pay was \$515.60 for Menasha, \$535.90 for Neenah, \$490 for Oshkosh and \$455 for the county police. Lieutenants are paid \$520 in Menasha, \$520 in Oshkosh and \$500 in the county police. Neenah does not have such a rank. The salaries for captains are \$530 in Menasha, \$596.37 in Neenah, \$551 in Oshkosh and \$520 for the county police.

The chart even broke down the pay on an hourly basis, pointing out that county police work 42½ hours on the average and the others are paid on a 40 hour per week basis.

Hughes said that to bring the county police salaries up to an equitable point with those of the other cities would mean increase in the schedule of 12½ per cent for the patrolmen, 14 per cent for the sergeants, 14 per cent for the lieutenants and 10 per cent for the captain.

## Paper Company Adds Chemist to Staff

Oliver Justman, Appleton, a 1948 graduate of the University of Wisconsin with a master's degree in organic chemistry, has joined the Appleton Coated Paper Company's staff of chemists, according to Arthur B. Kaplan, solvent coating division manager.

Kaplan said Justman would work in the main laboratory until the paper company takes over the Fox River Tractor Company facilities. Conversion of that property will begin when the firm's new plant is completed at the junction of U. S. 10 and 41.

For the past 9 years, Justman has been associated with the organic research group at the Institute of Paper Chemistry.

# Urge County Day Care for Mentally Sick

Propose Treatment In Homes to Relieve Crowded Hospitals

MADISON—A broadening of the program of the county mental hospitals of Wisconsin to include day care for patients living in their own homes is being urged by Dr. L. J. Ganser, director of the mental hygiene division of the state department of welfare.

Dr. Ganser recently outlined his proposal, which may require additional legislation or additional budgeting for some of the local institutions, with apparently sympathetic reactions from the state welfare board.

As he sees it, such service would be valuable to some persons with mental illnesses who are not now institution wards, while it might relieve the population pressures of some institutions by permitting outside residence for some patients they now hold.

Overcrowded

He estimated that the county hospitals on the whole are about 25 per cent over-loaded now.

A day care program would require the development of richer staff resources in the county institutions that historically have been oriented toward custodial care for chronically ill patients, he explained.

But because there has been a steady enlargement of the professional staffs of the hospitals, the time is nearing when such day care programs in selected institutions can be begun experimentally, he informed the state board.

Recognize Advantage

With such successful experimentation in a few hospitals, other counties will recognize the advantage of the service, he said.

Dr. Ganser said the first of such day care programs is tentatively planned for the Waukesha county hospital, but it would not be launched until after a period of orientation and training for its staff provided by the specialists of the state mental hygiene division.

# Sophomores On Stage at Appleton High

Appleton High School sophomores took their traditional bow before the student body in the annual sophomore talent show Wednesday.

The sophomores showed a variety of talent in seven acts, emceed by James Odum.

Walter Brown presented a magic act. Paul Emmons played an organ solo, "Corillon de Westminster" by Louis Vierne, and two piano solos, "Kammenoi Ostrov" by Rubenstein and "Frankie and Johnny."

Mary Evans sang "I Could Have Danced All Night," accompanied by Emmons. Barbara Klitzke and Karen Hovde danced the Charleston.

Press Conference

Dennis Meredith conducted a spoof of a presidential press conference. Also in the skit were Ray Bender, Daniel Bystrom, Terry Dawson, Lynn Doerfler, Mary Evans, Paul Geske, Bryan Gibson, Wally Jaeger, Larry Klika and William Knepple.

Susan Simpson presented a Charleston dance act, and Margaret Winkel sang "A Time to Dream."

Jack Burroughs was production adviser for the show, which was directed by Lee Schoeni.

# French Aircraft Being Equipped With A-Bombs

PARIS (AP) — Atomic bombs are being distributed to units of the French air force for use in supersonic Mirage IV bombers now rolling off assembly lines, it was learned authoritatively Wednesday.

These sources, whose identity cannot be disclosed, said that phase one of France's nuclear program had achieved "a concrete beginning."

Phase one was described as the production of the Mirage IV bombers equipped with atomic bombs.

The sources would not disclose how many Mirage IV bombers are operational but presumably enough were on hand for the change in French defensive policy.

# Sparta Attorney Will Serve on State Board

MADISON (AP) — Atty. Zel Rice of Sparta was appointed to the Wisconsin Employment Relations board by Gov. John W. Reynolds Wednesday.

He was named to succeed John E. Fitzgibbon of Milwaukee, long-time member of the board. Rice was nominated to a four-year term. The job pays \$15,000 annually.

Rice, 40, is a native of Sparta and has a law office there.

# Say Water Reclaimed From Sewage Used in Lakes

SEATTLE (AP) — Reclaimed use in recreational lakes at San waters from sewage plants can be lee, Calif. used in recreational lakes, and. "Our work so far shows that such lakes will not be shunned viruses have not been found in by the public, a San Diego public the recreational waters," Bott health chemist says.

The chemist, Roderick F. Bott, pleased to find out that the public made the remarks in a report will use these lakes even though Tuesday before the annual meet they know the source of the wa- ing of the Water Pollution Con-ter."

At a luncheon meeting, John trol Federation attended by 2,000. At a luncheon meeting, John Co-authors of the papers are Ray Charles Daly, prominent televi- L. Stoyer, Paul C. Ward and son personality and former David B. Willets, all California member of the President's Water officials, and John C. Merrill, Pollution Control Advisory Board. Herbert E. Puntler of the U.S. urged delegates to oppose pro- posed legislation to move control of water pollution from the U.S. No Viruses Found

The paper described a project Public Health Service to a water to reclaim water from sewage for pollution control administration

## Kaukauna Club Selects Theme For Homecoming

KAUKAUNA — "Let's Pocket the Rockets" was the theme selected for the Homecoming float to be built by students in the Drama Club at Kaukauna High School.

Members of the theme committee were Susan O'Connor, Patricia Tatro, Catherine Skibba, Claire Ann Heller and Sherill O'Dell. Named to committees to handle various aspects of float building were John Eiting, Sara Schuler, Carolyn Brenzel, Jane Kappell, Linda Yingling, Janet Driessen, Lynn Patterson, Susan Biese, Patricia Gilson, Susan O'Connor, Patricia Van Dyke, Joanne Sachs, Pamela Thiel, Catherine Skibba, Claire Ann Heller and Patricia Tatro.

Named to a committee to plan a Homecoming window display were Suzanne Sielaff, Jill Kabin, Sara Schuler and Mary Lee Nagan.

Named to a committee to plan a Homecoming window display were Suzanne Sielaff, Jill Kabin, Sara Schuler and Mary Lee Nagan.

One year ago ... an anti-Castro Cuban organization, Alpha 66, announced a raid by some of its members against a port 150 miles east of Havana in which at least 20 defenders were killed, including some Russians.

## Baby Feeding Speedier

# Kaukauna Hospital Uses Disposable Bottles

KAUKAUNA — Brewers may have their "zip-top" cans for the ease and convenience of customers, but they have nothing on the babies at Kaukauna Community Hospital who are provided instant formula with disposable bottles and nipples as result of a new feeding system.

New mothers may be surprised when they first try to feed their infants as the formula is served at room temperature. When the baby is finished, bottles and nipples are thrown out. No washing or sterilizing of bottles, no chance of human error in preparing formula and no fuss and no bother.

**No Human Error**  
The system, developed by Ross Laboratories, a maker of prepared infant formula, provides the hospital with the safest possible way to feed infants in a hospital, according to Mrs. Bernice Elliott, administrator.

The formula is sterilized in dis-

posable bottles at the manufacturer's laboratories and shipped in special plastic, sealed wrapping. It is stored at room temperature and at feeding time the nurse simply caps on a nipple and the formula is ready.

Human error, as mistaking salt for sugar, such as happened at a hospital in the east several years ago is eliminated. Gone too is the clean-up work after feeding. It is expected the new system, being used by about 200 hospitals in the nation, will reduce feeding costs by more than half.

With the shortage of trained personnel, the system will free nurses for duty other than preparing of formula, sterilizing and clean-up of bottles.

"We're constantly striving to find ways to improve the efficiency of our hospital and the new feeding system is one of many improvements we have made," Mrs. Elliott said.

## Homecoming Planned at Wrightstown

WRIGHTSTOWN — Kay Brandt has been elected queen of Wrightstown High School Homecoming this weekend. She was named in an all school election Monday.

On her court are Kathryn Verbeten, senior, Jean Brandenburg, junior Patty Rolf, freshman, and Colleen O'Conner, sophomore.

Football team king and attendants are Bob Hanaway, king, Ken Vande Hey, senior, Terry Ferron, junior, Peter Meulemans, sophomore, and Tom Geurts, freshman.

Friday the king and queen will set a raft on fire in the Fox River. The court will be introduced and pep rally held.

A parade will be held at 12:15 p.m. Saturday from the Legion building to the high school. The game with Hilbert will be at 2 p.m.

"Autumn Leaves" is the theme of the homecoming dance at 9 p.m. Saturday in the school gym.

## Darlene Schuh Will Reign Over Freedom Homecoming

FREEDOM — Homecoming queen Darlene Schuh and her court will reign over weekend activities at Freedom High School.

Miss Schuh, a senior, named John Garvey as her escort. Court members and their escorts are Charlotte Green and Bill Farrell, Katherine Valentine and Mike Konkle and Bill Brockman and Joann Laundre.

The celebration begins at 7:30 tonight with "Skit Night" in the school auditorium. Various classes and clubs will present humorous plays with a football theme. Coach John Van Egeren will introduce the team.

**Pep Rally**  
At 11 a.m. Friday all students will assemble in the gym for a pep rally. The queen and her court will be introduced.

At 12:30 p.m. Friday the parade of floats will assemble at the high school, go up St. Nicholas Avenue, turn right on St. Mary,

Rev. Alfred Hietpas, the Rev. Edwin E. Boettcher, Miss Loraine Seiz and Mr. and Mrs. Joseph Geenen.

**Play Omro**  
The homecoming game against Omro starts at 2 p.m. The queen and her court will be presented headed by the Freedom High during half-time. A homecoming dance in the School Band, led by Bernard Kiel, school auditorium will start at 9 p.m. There will be four floats, one p.m. Queen Darlene Schuh will be by each class. The queen and her crowned at 11 p.m. by football court in convertibles will complete captains. Dick Vande Wetering the parade. Float judges are the and Tom Smith.

# 80,000 Population Hike Predicted in Fox Valley

**Wolf River Chairman Gordon Bubolz Speaks at Vocational School Session**

Gordon A. Bubolz, former state grower together if we are to maintain our standard of living and River Basin Regional Planning Commission, predicted that by 1985 the Fox Valley area would have 80,000 more inhabitants than it does now. Bubolz addressed the final day of the state convention of the Vocational and Adult School Boards and administrators here.

"Population and industry must have a 'special obligation' to the untrained and unskilled of the present and the future. However, he said 'trade and technical skills are one of the means of stimulating and maintaining the economy, but there must also be great emphasis on 'innovations,' producing new goods and services and finding newer and better ways to produce those presently used."

He warned the educators "we must adhere to the free enterprise philosophy... the privilege of entering a profession of one's choosing... the profit incentive... and competition."

Bubolz said these principles have produced "phenomenal results" in the United States. The former state legislator also advised the agencies of government to "take the initiative in becoming more efficient, to effect every possible saving."

"Such savings," he explained, "will release non-productive dollars expenditures for industrial growth needed for a growing population."

Cooperation Needed He said just as business and industry rely on research departments to develop more efficient methods of operation, "so, too, the several units of government in the area recognize they will gain much by working together, by sharing the benefits of comprehensive planning and its implementation."

Bubolz, president of Home Mutual Insurance Co., pointed to the land use plan already adopted by the Fox Valley Regional Planning Commission and approved by a number of municipalities as an example of the type of cooperation needed.

He proposed urban freeways, tabulation and recommendation on sanitary and storm sewers and other kinds of utilities serving the area might eventually be sponsored on a joint basis.

**Homecoming Activities Began today at Freedom High School. The festivities will end with a parade and rally Friday. Royalty, in the back row, from left is Jo Ann Laundre, Charolette Green and Janice Vande Hey. Darlene Schuh, seated, is queen, and Katherine, Valentine, another member of the court, is on the floor.** (Post-Crescent Photo)

## SPEBSQSA Plans High School Quartet Contest

**LITTLE CHUTE** — Plans are underway for the Kaukauna-Little Chute SPEBSQSA to sponsor a high school quartet contest early in spring of 1964.

School invited to participate include Kaukauna High School, Kimberly High School, Freedom High School, Wrightstown High School and St. John High School, Little Chute.

Boys interested in forming a quartet to enter competition can secure details from music instructors. These are Sister Mary Emily, Little Chute; Bernard Kiel, Freedom; Robert LaMont, Little Chute; Gerry Kaehr, Wrightstown; and Alan Leicht, Kimberly.

The SPEBSQSA chapter will provide a coach for each quartet. The possibility of a clinic for participating quartets sometime in February is being studied.

The winning quartet will receive a \$200 music scholarship for the school they represent will indicate several units of government in the area recognize they will gain much by working together, by sharing the benefits of comprehensive planning and its implementation."

Bubolz, president of Home Mutual Insurance Co., pointed to the land use plan already adopted by the Fox Valley Regional Planning Commission and approved by a number of municipalities as an example of the type of cooperation needed.

He proposed urban freeways, tabulation and recommendation on sanitary and storm sewers and other kinds of utilities serving the area might eventually be sponsored on a joint basis.

## More Housing For Delinquent Boys Needed

**Welfare Unit Asks 1 Less Forestry Camp, New Wales Buildings**

**OSHKOSH** — The state board of public welfare is recommending two new forestry camps instead of the proposed three. It suggests adding two new housing units at the school for boys at Wales in lieu of the third camp.

These were the recommendations made to the state building commission during a meeting of the board Wednesday at Winnebago State Hospital.

In his recommendation to the board, Wilbur J. Schmidt, director of the state department of public welfare, reported there is a substantially more critical need for added housing for juvenile delinquents than for adult felons.

Two additional 30-bed units at the boys' school would increase the institution's residential capacity to 288—a manageable number, Schmidt reported.

Increasing Numbers He said the commitment of juvenile delinquents is increasing at a substantially greater rate than the sentences of convicted felons. Increasing the capacity of the training school would, in part, relieve the pressure building up which threatens to require a reduction in the average stay to an unreasonable degree.

The Board of Public Welfare also approved six appointments to the Comprehensive Mental Health Planning Committee. They are Geraldine Busse, Madison, assistant director, bureau of public health nursing; Dr. Albert Lorenz, Eau Claire, a psychiatrist; and four members of the state legislature, Sen. Casimir Kendzior

## Midwest Musicians Headline 2-Day Conference at OSC

**OSHKOSH** — Several noted musicians and musical groups will headline activity for the Wisconsin Music Educators conference at Oshkosh State College this Friday evening and Saturday, according to Dr. Stanley Linton, Oshkosh State staff member and chairman of the arrangements committee.

Personalities heading up conference sessions include Charles Leonard of the University of Illinois, Weston Noble of Luther College, Mary Tolbert of Ohio State, John Kendall of Southern Illinois University, and Walter Beeler, of Ithaca College.

**Musical Groups** Clinic musical groups are the Ripon High School Choir, the Luther College Choir, the Appleton Senior High School Orchestra, and the Northeastern Wisconsin Area Band.

Conference delegates will have an opportunity to see the Oshkosh High School production of the "Music Man" on Friday evening.

Saturday's schedule opens at 8 a.m. with registration. Clinic sessions in choral work, orchestra and band follow during the day. Other events are a panel discussion, exhibits, general session and dinner.

Wisconsin musicians taking official part in conference sessions include Lyle Iverson, Ripon; Mrs. Grace Duer, Fond du Lac; James Croft, Oshkosh; Frank Comella, Appleton; Harvard Erdman, Wautoma; David Schanke, Ripon; Francis Scholz, Appleton; Robert Gaarder, Kenosha; Stanley Linton, Oshkosh State; Harold Hoecherl, Appleton; David Hoff, Oshkosh State; and Mrs. Mary Hoffman, Milwaukee.

**Elks Entertain State Officers** **MENASHA** — Neenah-Menasha Elks Lodge will entertain its state president and other state officers and their wives Saturday evening at the Elks club.

Paul A. Fischl, Manitowoc, Wisconsin Elks Association president, and Mrs. Fischl will be honored guests. Visitors from lodges in the northeast district of Wisconsin, including Appleton, Kaukauna, Green Bay, Manitowoc, Two Rivers and Oshkosh, are expected to attend.

There will be cocktails at 6 p.m., dinner at 7 p.m., and dancing from 9 p.m. to 1 a.m.

The committee making arrangements consists of Mr. and Mrs. Leonard Dybvik, chairmen; Mr. and Mrs. William A. Daniel Jr., Mr. and Mrs. Anthony Winters, Mr. and Mrs. George S. Nelson Jr., Dr. and Mrs. R. A. Juneau and Wayne Peterson.

**Worker Injured in Fall at Paper Mill** **MENASHA** — Ronald Hopfensperger, 29, 1913 E. John St., Appleton, was rushed to The Clark Memorial Hospital in Neenah shortly after 3 p.m. Wednesday after suffering multiple lacerations to his forehead, nose and left hand when he apparently fell while working at the John Strange Paper Co. here.

Hopfensperger was taken to The Clark for emergency treatment by Lindy's Ambulance Service of Menasha.

**Hilbert Band Mothers Elect New Officers** **HILBERT** — Officers were elected Monday at a meeting of the Hilbert High School Band Mothers.

Mrs. Leander Roehrig will serve as president, Mrs. Merlin Ott, vice president, and Mrs. Reuben Ott, temporary secretary-treasurer.

Plans to observe the 25th anniversary of the founding of the club were completed. A potluck supper will be held in the school Dec. 2. All charter members and past presidents will be honored.

The next meetings will be a fund raising social Nov. 4 with Mrs. Jerome Brantmeier and Mrs. Paul Kees, co-chairman. Serving on the committee will be Mrs. Reiner Depies, Mrs. Lloyd Loewe, Mrs. Ernest Pitzten, Mrs. Joseph Anheir, Mrs. Claude Meyers, Mrs. Arthur Pruess, Mrs. Edwin Schreiner, Mrs. George Rickard, Mrs. Robert Luck and Mrs. Reuben Ott.

**Del Crandall and Miss Wisconsin Will Appear in Appleton** A three-day grand opening next week at Hoffman Drugs, Walter Avenue Shopping Center, will feature personal appearances by Del Crandall of the Milwaukee Braves and Barbara Bonville, Miss Wisconsin.

Crandall will be in the store Friday afternoon and evening, Oct. 18.

Miss Bonville is to be present from 11 a.m. to 4 p.m. Saturday, Oct. 19.

The first day, Thursday, will include a family open house.

## County Police Ask Board for Pay Increase

**Attorney Claims Salaries Higher in Oshkosh, Twin Cities**

**OSHKOSH** — Salary increases totaling an estimated \$13,940 were asked by members of the county traffic police at Wednesday's meeting of the County Board's sheriff, coroner and safety committee.

A delegation from the county police and their attorney, Henry P. Hughes, appeared before the committee to indicate the county police had a lower salary schedule than the police in Oshkosh, Neenah and Menasha as well as the state police.

Hughes declared that it is important in these days of John Doe investigations that the county police should not be in a position where they are underpaid and uncomfortable. He said their taxes and living costs are the same as the police in the other cities.

Hughes also indicated the Winnebago County police had a lower salary schedule than the Outagamie County police.

He said he understood that Neenah police were being recommended for a 3 per cent salary increase as of Jan. 1. Other committees have been consistent in granting salary increases but in Winnebago County the salary increases for the county police have been spasmodic.

Comparison Charts were furnished the committee members to show the salary comparisons of the county police with Oshkosh, Neenah and Menasha. Figured on a monthly basis, the salaries for patrolmen were \$495 in Menasha, \$495.43 in Neenah, \$477 in Oshkosh, \$440 in the county police and \$560 for the state police, the charts indicated.

Sergeant's pay was \$515.60 for Menasha, \$535.60 for Neenah, \$490 for Oshkosh and \$455 for the county police. Lieutenants are paid \$520 in Menasha, \$520 in Oshkosh and \$500 in the county police. Neenah does not have such a rank. The salaries for captains are \$530 in Menasha, \$596.37 in Neenah, \$551 in Oshkosh and \$520 for the county police.

The chart even broke down the pay on an hourly basis, pointing out that county police work 42 1/2 hours on the average and the others are paid on a 40 hour per week basis.

Hughes said that to bring the county police salaries up to an equitable point with those of the other cities would mean increase in the schedule of 12 1/2 per cent for the patrolmen, 14 per cent for the sergeants, 14 per cent for the lieutenants and 10 per cent for the captain.

## Paper Company Adds Chemist to Staff

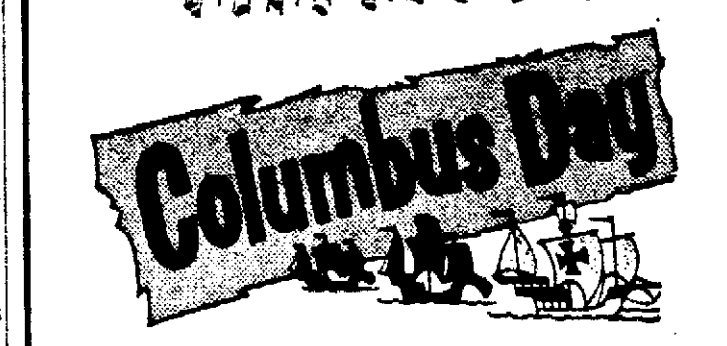

Oliver Justman, Appleton, a 1948 graduate of the University of Wisconsin with a master's degree in organic chemistry, has joined the Appleton Coated Paper Company's staff of chemists, according to Arthur B. Kaplan, solvent coating division manager.

Kaplan said Justman would work in the main laboratory until the paper company takes over the Fox River Tractor Company facilities. Conversion of that property will begin when the firm's new plant is completed at the junction of U. S. 10 and 41.

For the past 9 years, Justman has been associated with the organic research group at the Institute of Paper Chemistry.

# Urge County Day Care for Mentally Sick

**Propose Treatment In Homes to Relieve Crowded Hospitals**

Post-Crescent Madison Bureau  
MADISON—A broadening of the program of the county mental hospitals of Wisconsin to include day care for patients living in their own homes is being urged by Dr. L. J. Ganser, director of the mental hygiene division of the state department of welfare.

Dr. Ganser recently outlined his proposal, which may require additional legislation or additional budgeting for some of the local institutions, with apparently sympathetic reactions from the state welfare board.

As he sees it, such service would be valuable to some persons with mental illnesses who are not now institution wards, while it might relieve the population pressures of some institutions by permitting outside residence for some patients they now hold.

**Overcrowded**  
He estimated that the county hospitals on the whole are about 25 per cent over-loaded now.

A day care program would require the development of richer staff resources in the county institutions that historically have been oriented toward custodial care for chronically ill patients, he explained.

But because there has been a steady enlargement of the professional staffs of the hospitals, the time is nearing when such day care programs in selected institutions can be begun experimentally, he informed the state board.

**Recognize Advantage**  
With such successful experimentation in a few hospitals, other counties will recognize the advantage of the service, he said.

Dr. Ganser said the first of such day care programs is tentatively planned for the Waukesha county hospital, but it would not be launched until after a period of orientation and training for its staff provided by the specialists of the state mental hygiene division.

# Sophomores On Stage at Appleton High

Appleton High School sophomores took their traditional bow before the student body in the annual sophomore talent show Wednesday.

The sophomores showed a variety of talent in seven acts, emceed by James Odum.

Walter Brown presented a magic act. Paul Emmons played an organ solo, "Corrillon de Westminster" by Louis Vierne, and two piano solos, "Kammenoi Ostrow" by Rubenstein and "Frankie and Johnny."

Mary Evans sang "I Could Have Danced All Night," accompanied by Emmons. Barbara Klitzke and Karen Hovde danced the Charleston.

**Press Conference**  
Dennis Meredith conducted a spoof of a presidential press conference. Also in the skit were Ray Bender, Daniel Bystrom, Terry Dawson, Lynn Doerfler, Mary Evans, Paul Geske, Bryan Gibson, Wally Jaeger, Larry Klika and William Knepple.

Susan Simpson presented a Charleston dance act, and Margaret Winkel sang "A Time to Dream."

Jack Burroughs was production adviser for the show, which was directed by Lee Schoeni.

# French Aircraft Being Equipped With A-Bombs

PARIS (AP) — Atomic bombs are being distributed to units of the French air force for use in supersonic Mirage IV bombers now rolling off assembly lines, it was learned authoritatively Wednesday.

These sources, whose identity cannot be disclosed, said that phase one of France's nuclear program had achieved "a concrete beginning."

Phase one was described as the production of the Mirage IV bombers equipped with atomic bombs.

The sources would not disclose how many Mirage IV bombers are operational but presumably enough were on hand for the change in French defensive policy.

# Sparta Attorney Will Serve on State Board

MADISON (AP) — Atty. Zel Rice of Sparta was appointed to the Wisconsin Employment Relations board by Gov. John W. Reynolds Wednesday.

He was named to succeed John E. Fitzgibbon of Milwaukee, long-time member of the board. Rice was nominated to a four-year term. The job pays \$15,000 annually.

Rice, 40, is a native of Sparta and has a law office there.

# Indians, Terrors Collide in Key Game Saturday

CONTINUED FROM PAGE 1

Schumeth over AHS' Ade Dillon. Oshkosh has won three straight times and four of the last five. The Terrors most recent win over OHS was 21-0 in 1959. Dillon and Schumeth, the co-deans of FRVC coaches, are both in their 21st seasons at the same schools.

**4 Close Games**  
Oshkosh has demonstrated an outstanding aptitude for winning the close ones this season. Each of the Indians' wins has been by one touchdown or less: 9-7 over Madison East, 14-7 over Sheboygan North, 7-0 over Green Bay East and 21-14 over Manitowoc. Directing the backfield that features Strasser and Zuehlke is junior quarterback Gary Scheuerman.

Offensive linemen who have been giving quick-starting Strasser his openings are Bill Fries, Pete Ziehlke, Jack McCarthy and Jerry Kirkpatrick. Pat Schrage has been outstanding as a defensive end.

Dillon attributes some of the Terror mistakes against North—such as two fumbles near the goal-line and a running-into-the-kicker penalty—to overaggressiveness. He hopes his charges now have that tendency out of their systems. Dillon is mulling possible defensive changes but has not as yet named his starters.

Rick Martinek was voted "Terror of the week" on defense, and Jim Bertschy was another who had an excellent defensive game against North. Tackle Tom Bauer won the "Terror of the week" offensive citation.

# Red Sox Sign Bob Turley as Pitching Coach

BOSTON (AP) — The Boston Red Sox signed Bob Turley as 1964 pitching coach Wednesday. He succeeds Harry Dorish, recently released.

Turley, hard-throwing right-hander best known for his winning years with the New York Yankees, ended his active career this past season with the Red Sox, after being released by the Los Angeles Angels.

In his 11 full American League seasons Turley won 101 games and lost 85.

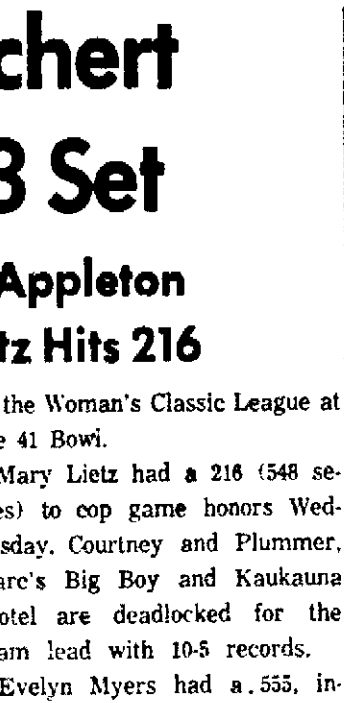

The Sox coaching staff now is complete. Billy Herman has been signed for a fifth season, and Harry Malmberg and Al Lakeman have been signed for their second season.

# Milo Rettler Hits 612 Set

BLACK CREEK — Milo Rettler continued his hot streak of kegling in the Black Creek Major League with a 243 game and a 612 series.

Roloff's Drive-in slammed a team high count of 1,014.

Other boomer scores included Sam Barth, 595; Earl Lorenz, 577; Dick Fellner, 567; Bernie Kitzinger, 555-598; Dick Schmidt, 533-585; Bob Wilson, 540 and Fritz Belden, 550.

The Lawrence College cross country team will make it's second home start of the season at the Whiting Field course Saturday afternoon against Grinnell.

Team members, left to right, are Joe Lubenow, Charles Santose, J. B. de Russet, Steve Landfried, Bill Holzworth, Dick Ram, Kim Dammers and Bob Bonewitz.

# Stevens Point, Eau Claire Are Heavy Favorites

BY WILL GRIMSLEY

ATLANTA (AP)—Professional golf stars of the United States and Britain clash Friday in the 15th biennial Ryder Cup series in an atmosphere dominated by the greatest amateur of them all—Bob Jones.

This is Bob Jones' home, and he still is king—not only to his worshipping neighbors but to the present-day giants of the game.

Arnold Palmer is terrific. Julius Boros is an amazing physical specimen at 43 and Peter Alliss of England is one of the All-Time stylists. But all of them look to Jones as the Emperor.

"Bob Jones is marvelous—an ideal of golfers everywhere," said Alliss. "I am sure he is revered as much in Britain as he is in the United States."

Jones, now 61, confined to a wheel chair by a crippling illness but still keenly interested in the sport which he helped popularize

throughout the world, has attended every dinner honoring the Ryder Cup teams.

**Small Talk**  
He seems to find pleasure in meeting the various players and sharing small talk on the vicissitudes of this exasperating and frustrating sport.

The players, British and American, queue up at the little social gatherings for the honor of speaking to the immortal grand slammer.

When captain Palmer sends his U.S. team against the invaders Friday at 8 a.m. EST in the first of 32 matches covering three days, Jones is almost certain to be in the gallery.

As honorary chairman, he will follow play in an electric cart or listen to developments from the club house lawn—"by ear," as he puts it, in referring to the cheers and groans of the gallery.

Bob Jones was born in a modest bungalow which once overlooked the course. It was on this same East Lake Country Club course that he took his first swings as a boy at his father's elbow.

It was here that he refined his game between travels while playing in 31 major championships in Britain and the United States between 1916 and 1930, winning an unequalled 13 national crowns.

Jones' influence is everywhere. His pictures line the walls of the sprawling brick club house. His trophies are everywhere. One case has exact replicas of the trophies won in the Grand Slam of 1930 (the British Open, Amateur and the U.S. Open and Amateur).

"It's a great honor to play on the course where Bob Jones got his start," said Palmer.

**3 Opening Matches**  
The Ryder Cup competition, won by the United States 11 of 14 times and never lost on American shores, opens with eight foursome matches. These will be followed by eight best-ball matches Saturday and 16 individual contests Sunday.

Despite a slight outbreak of dysentery, both teams are expected to be at full strength.

Bill Casper, Jr., and Dave Belinsky, picked by many as the player in the major leagues to come to terms for next season. And nothing could put Bo more hilariously out of character than getting something done early. The only thing he's ever done on time before is buy cars.

Until very recently, Belinsky was just about certain he'd be traded this winter. And if he didn't trade him, he figured they'd perform so much surgery on his salary he'd be exempted from the Federal income tax.

"It's a gas," he said. Belinsky achieved wide public notice last year on two counts. When he pitched a no-hitter

against the Baltimore Orioles, he became famous. But when his social engagements kept him from getting home before the morning paper, his employers became furious.

Belinsky, in fact, is the first player in the major leagues to come to terms for next season. And nothing could put Bo more hilariously out of character than getting something done early. The only thing he's ever done on time before is buy cars.

# Packers Have Top Defense

# Browns Lead NFL in 5 Offensive Divisions

NEW YORK (AP) — On the strength of three victories in four games and a highly impressive set of statistics, the St. Louis Cardinals are becoming the talk of the National Football League.

But they haven't caught up with the Cleveland Browns either in the standings or in offensive performance. NFL statistics released Wednesday show the Browns are No. 1 in five different team offensive categories, including two of the most important—total yardage and points scores.

St. Louis is second in the league on both offense and defense, trails Cleveland by only five points in scoring and has shown the best defense against passing.

All this has happened since Coach Wally Lemm lost his top running back, John Crow, before the season opened and fullback Prentice Gault early in the opening game.

**Fill Gaps**  
"Fortunately we have been able to fill the gaps. The rookies have been wonderful when called on," says Lemm conservatively.

The Browns, with power-running Jimmy Brown as their chief weapon, have run for 832 yards and passed for 802. They're one of two NFL teams to gain more on the ground than through the air, but they're tied with the New York Giants for the most touchdowns passes—nine. Cleveland, however, is well down the defense list.

The champion Green Bay Packers, who also run more than they pass, top the defense list, having yielded only 874 yards. But they're getting an argument from the unbeaten Chicago Bears in the major defensive categories. The Bears, who have allowed 944 yards, have given up only 314 yards by rushing and four touchdowns. They have allowed their opponents the fewest points, 34, the fewest first downs, the fewest touchdowns and they have intercepted 11 passes.

# Packers Play Second Fiddle In the NFL

Continued from page 1

season, but the Bays are behind. A comeback is in order.

While the team is in the second row of violinists, the Packers are also ranking behind the leaders in the individual statistics department.

On the matter of rushing: the Browns' great Jim Brown is leading in his specialty with a fantastic 664 yards in 78 tries for an 8.5 average. The Bays' Jimmy Taylor has leaped into second place with a more normal 297 yards in 66 trips for 4.5.

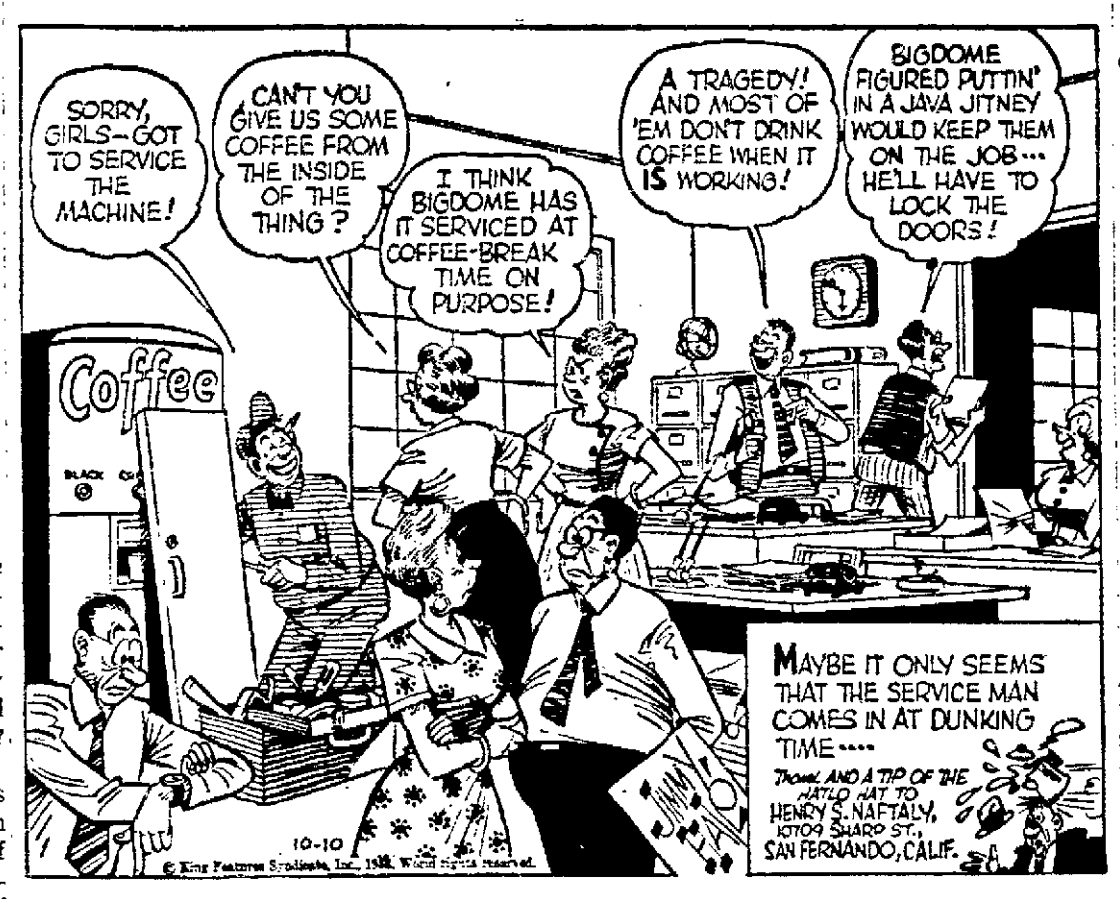

In passing, Bart Starr has jumped from 14th to 11th place in the 4-category average system of grading passers. The two unbeaten quarterbacks, Frank Ryan of the Browns and Bill Wade of the Bears, rank second and fourth, respectively, although Wade had to have help from Rudy Bukich to beat the Colts. Y. A. Tittle of the Eastern champion Giants leads the league.

The Packers aren't among the leaders in any individual figure. There is one second, Taylor, and one third, Herb Adderley who has averaged 39.3 yards on seven kickoff returns.

The Bays aren't listed among the leaders in receiving in scoring but a couple of Kramers are leading the team in those departments. Tight end Ron caught 12 passes for 167 yards while right guard Jerry counted 21 points on 12 extra points and three field goals in nine attempts.

There's a 3-way tie behind Ron. Max McGee, Boyd Dowler and Tom Moore each caught nine passes. McGee has the most yardage of the four—186.

## They'll Do It Every Time

By Jimmy Hattie

# Big 10 Boasts Top Group of Linebackers

UW's Jones, Kurek Also Cited by The AP's Board

CHICAGO (AP)—Those brawny linemen who catch attention with savage linebacking dominate the Midwest's first All-America football rollcall.

This area's Associated Press All-America screening board today took heed of such guards as Notre Dame's Bob Lehmann, Iowa's Wally Hilgenberg and Purdue's Wally Florence and centers Ken Bowman of Wisconsin, Dick

Butkus of Illinois and Frank Marchlewski of Minnesota.

The forte of all these stout-charging chaps is crashing ball-carriers to the turf with neatness and dispatch.

That is the name of the defensive game today, unfortunately for the front-liners whose work in stripping blockers often goes unseen and unsung.

The board also cited Minnesota's 250-pound Carl Eller and Michigan's 242-pound Joe O'Donnell at tackle and ends Chuck Logan of Northwestern, Dan Drexler of Minnesota, Matt Snorton of Michigan State, Jimmy Jones of Wisconsin and Jim Kelly of Notre Dame.

Prime backfield performers listed were Northwestern quarterback Tommy (Gun) Myers, nation's No. 3 passer, halfbacks Marv Woodson of Indiana, and Paul Warfield of Ohio State, and Wisconsin fullback Ralph Kurek.

BRIDGEPORT, Conn. (AP)—Bully Tackle, the Bridgeport, Conn. tackle, was named the best tackle in the nation by the Associated Press.

team, will start things rolling against Southern Methodist.

Strangely, the nationally tinged excitement will not produce the biggest crowds Dallas has known in football. In 1950 two games were played in the Cotton Bowl in the span of eight hours and they drew 150,000.

Two Sellouts  
Oklahoma beat Texas 14-13 in the afternoon before 75,000. Southern Methodist clobbered Oklahoma A&M 56-0 that night. That also was a 75,000 sellout.

This Friday night Southern Methodist and Navy expect to draw only 30,000. But Saturday Texas and Oklahoma will jam 75,000 into the big saucer.

It will be the 18th straight year No. 1 Oklahoma meets No. 2 for this game to be a sellout. Officials wonder if any other game in the country can make that statement.

The game also will find Texas trying to make it six in a row Friday night. Navy, the No. 4 but not expected to do so.

# Rohm, Schampers Rifle 256 Games

Glenn's 623 Set Shows Way In Industrial Pin League

A pair of 256 games and a 623 series total were the top scores recorded on Appleton alleys Wednesday night.

Glenn Rohm fired a 256 game in the Industrial League at Hahn's Lanes, and Vic Schampers duplicated the feat in the Elks Western League on the Elks alleys.

Rohm went on to register a 623 series for a sweep of individual honors in the Industrial circuit.

Appleton Wire (15-3) holds the team advantage in the Industrial League. Other honor counts were Don Larsen, 242, 615; Fil Greason, 591; Don Frank, 230, 588; Gene Dannecker, 585; Wayne Lemberger, 245, 576; M. Bokral, 234, 573; Jim Trass, 562; Norm Eg-

# Jan Natrop Hits 517 in Pin League

Jan Natrop snacked a 517 series to take honors in the South Side Ladies League at the 41 Bowl in latest action.

The KC Bar (13-2) leads the league and there were no other honor counts.

Elda Schmidt rolled a 202 game and 515 series to lead the Kitchen Cheaters League at Hahn's Lanes recently.

Brettschneider's (10 - 2) leads the loop and the only other honor score was a 503 set by Bea Gaerthofner.

Ruth Schmidt paced the American League at the 41 Bowl with a 198 singleton and 513 series.

"Cully" Freund had a 236 and Tuesday night, Schreiter's Tap Harry Grady tallied a 616 in the Fraternal League at Hahn's. The only three other honor counts were Don Tremmel's 561, Milt Voelker's 559, and Vern Smith's 539.

Don's Sinclair Service (20-4) holds a 2-game advantage in the standings.

Dave Tess hit a 236 and a 609 to sweep laurels in the Veterans League at the 41 Bowl. Fox Tractor holds a half-game lead over Neuman Lettering in the team standings.

Other top scores in the loop were Bob Woelstand, 590; Bill Weiss, 571; Des Schade, 538; Mel Woldt, 576; Elroy Kalies, 577; and Jim Stammer, 586.

Bob Breckenridge's 235 and Fritz Feiders' 592 topped the action in the Merchants League at the 41. Fritz had a 234 singleton. Appleton Oil has a 1 1/2-game lead.

Earl Schultz hit a 233 and a 584 and Dan Schultz connected on a 228 and 588. Other top counts were Al Gara, 574; Bob Steger, 584; Don Klemkp, 556; and Butch Schultz, 569.

ries and Bill Randerson snacked 553. Shorty's Beer Depot (11-4) is in first place.

TOKYO — Somsak Laemphats, 124 1/2, Thailand, outpointed Akira Oguchi, 126, Japan, 10.

# Dwight D. Eisenhower's MANDATE FOR CHANGE

1953-1956: A personal Account. This first volume of Dwight Eisenhower's presidential memoirs is a stirring record of crucial and irrevocable chance—for a great American, for the country he served, and for the world we live in. President Eisenhower records four strenuous and dramatic years: The pressures to run; the 1952 convention and campaign; the Korean War; NATO; McCarthy; the difficult decision to run again.

It includes a warm view of White House life, of enjoyable recollections, as well as difficult decisions affecting this important period of American history.

A searching look at the State's Negroes . . .

# NEGROES in WISCONSIN

This enlightening series will report on the Negro's situation in various state areas. Attention will be given to outstanding individuals in professional, business, educational and social occupations. It will point out the Negro's role and significance in the economic and social future of his state. The opportunities open to him and the obstacles he must face are viewed with special emphasis on where he lives and the unique problems—or lack of it—he finds in his particular area. This informative series tries to bypass emotional race questions in favor of reporting factually as to what the Negro has done, is doing and hopes to do as a Wisconsin resident.

# Civil Rights Bill Lacks Any Legal Basis

U. S. Constitution In Danger of Being Set Aside

BY DAVID LAWRENCE

WASHINGTON — The citizen reads in his newspaper that the Senate Commerce Committee has reported a bill which, if enacted into law, would bar racial or religious discrimination in hotels, motels, restaurants, theaters, retail stores and almost every other place of business serving the public. At first glance, this looks like a worthy measure. For who really believes that racial or religious discrimination in public places is in itself morally justified?

Lawrence

But this very proposal strikes at the heart of constitutional government in the United States. There isn't the slightest constitutional basis for the passage of such a "public accommodation" bill. In fact, the Supreme Court has never stretched the so-called "commerce clause" of the constitution to uphold any measure even remotely resembling the bill just reported to the Senate by its Commerce Committee.

Almost every American who doesn't believe that "the end justifies the means" and who feels that, no matter how grave the injustice, it should be cured only by constitutional means will find himself wondering whether the action of the Senate committee in

dictates a trend toward abandonment of the safeguards of the constitution. He will ask himself whether mobocracy — or "street demonstrations" plus threats — has intimidated members of Congress and caused them to support a measure which most of them know in their hearts is not constitutional.

## No Rewriting Powers

There is a way to correct any injustice done any group in the community if present constitutional provisions do not apply. It can be done by amending the constitution. This requires a two-thirds vote of both Houses of Congress and ratification by three-fourths of the states. The argument is made that this process is too slow and that it's quicker to appoint judges who will rewrite the constitution by judicial opinion. But the courts would thereby usurp a power they never really were granted by the constitution. The courts are authorized to "interpret," but not to rewrite, the constitution.

The new bill reported from the Senate Commerce Committee makes the broad statement that racial or religious discrimination is "a violation of the spirit and letter" of the constitution. But the only place where the constitution forbids actions that denies "equal protection" to all citizens is in the fourteenth amendment, and this deals with state action alone. The Supreme Court

## Asserts Red Aims Haven't Changed

# Eisenhower Believes America Should Exploit Split Between Russia, China

BY JACK BELL and MARVIN L. ARROWSMITH  
GETTYSBURG, Pa. (AP)—Former President Dwight D. Eisenhower says the United States should exploit the split between the Soviet Union and Red China "encourage it and do those things that tend to widen it."

"Assuming this is a genuine split, it is to our great advantage to promote it," Eisenhower told

As a military leader and as President, Dwight D. Eisenhower was at the vanguard of world developments in the mid-century. Now in retirement, he comments in this Associated Press interview on French President Charles de Gaulle and Soviet Premier Khrushchev and their goals. He gives his views on the split between Russia and Red China and looks to the future of NATO.

Associated Press reporters in an interview at his office here.

The former president also believes Soviet Premier Khrushchev "has come to the conclusion there is nothing to be gained, as of now, by war." But, Eisenhower added, "there is no question in my mind that the Communist objective of world domination is as firm as ever."

## Easy to Deal With

Wants inspection safeguards against Soviet cheating written into any U.S.-Soviet agreement to ban nuclear weapons from orbiting space satellites.

Says French President Charles

de Gaulle "knows that geographically France is absolutely essential to a successful NATO," and for this reason "is not always easy to deal with."

Believes Ludwig Erhard, slated to succeed Konrad Adenauer as West Germany's chancellor, is a good man.

The text of the interview: Question: How do you assess the importance of the split between the Soviet Union and Red China? Can the United States exploit this split to its advantage?

Eisenhower: Assuming this is a genuine split, it is to our great advantage to help promote it—if it is for no other reason but to delay my mind that the Communist doctrine and objective of world domination is as firm as ever.

## Use Caution

This is one of those things you have to approach cautiously. You don't want to show your hand completely, and you don't want to go overboard. It should be watched just as close as you know how, using all your intelligence, all your observers. I would encourage it and do those things that tend to widen the split.

Q. Mr. President, would you support an agreement with the Soviets to ban nuclear weapons from orbiting satellites?

A. This is what I want to know: Is each side, then, to be invited into the area where the satellite is fired into orbit, and to inspect it before it goes?

Q. It comes back to the old stumbling block, inspection?

A. Yes, you have to have some kind of inspection.

Q. You had some rather unhappy experiences with Soviet Premier Khrushchev in the past. Can't you now accept at face value his coexistence line?

## Badly Stated

A. As a matter of fact, you know, my personal experiences with Khrushchev have been widely and very badly stated. Actually, he was always going out of his way to be personally friendly. He didn't directly address me at the Paris summit meeting (which Khrushchev torpedoed), he was dressed the chairman.

There is this about his present attitude: There is no question in that serious. This is what I think: General de Gaulle has been my friend since 1942, and we have had our ups and downs. We have had, really, some tough disputes, but I know this: I have never lost my liking and respect for him. I think he feels the same face fleet would be effective in the Western world. I think he is almost going back to the time of Louis XIV, back to the 1700s, and he is visualizing France in a similar position that Adenauer had.

Q. Do you think a Polaris submarine would be effective in the Western world. I think he is almost going back to the time of Louis XIV, back to the 1700s, and he is visualizing France in a similar position that Adenauer had.

Q. What is the passing of your old friend Adenauer (soon to be replaced by Konrad Adenauer) going to mean to us in our relations with Germany?

A. This man Erhard (to succeed Adenauer) is a very smart man. I like him. If he can achieve the position that Adenauer had, I think he will be all right. I am afraid he is not too popular in some areas. But I think he is a good man, and I believe there will be no trouble as long as we don't have a splintered political power in that country, and that is always a danger.

Q. You would recognize this, he is visualizing France in a similar position that Adenauer had.

Q. Do you think a Polaris submarine would be effective in the Western world. I think he is almost going back to the time of Louis XIV, back to the 1700s, and he is visualizing France in a similar position that Adenauer had.

## Appleton Council Okays Search for New Water Supply

Board Will Interview Firms  
On Plans for Lake Michigan

BY WILLIAM C. CAREY  
Post-Crescent Staff Writer

The groundwork was laid Wednesday night for the city of Appleton to take the plunge to Lake Michigan for its future water supply.

## Macmillan to Step Down as Party Leader

Decision Read to  
Conservatives at  
Annual Conference

BLACKPOOL, England (AP) — Prime Minister Harold Macmillan announced today he would not be able to lead the Conservative party at the next general elections.

Macmillan's announcement was read to the annual conference of the Conservative party by Lord Home, foreign secretary.

The prime minister, who underwent a successful operation for removal of his prostate gland in London today, said:

"It is now clear that, whatever might have been my previous feelings, it will not be possible for me to carry the physical burden of leading the party at the next general elections."

The elections must be held by October 1964.

Write Letter  
Macmillan's announcement was contained in a letter written Wednesday. It said:

"If the operation, which I am to undergo tomorrow, proves successful it is clear that I will need a considerable period of convalescence."

"I would not be able to face all that is involved in a prolonged electoral campaign."

"Not could I hope to fulfill the tasks of prime minister for any extended period and I have so informed the queen."

Within Party  
"In these circumstances I hope that it would soon be possible for the customary processes of consultation to be carried on within the party about its future leadership."

The conference received the tidings solemnly.

It was not, however, unexpected.

The only question in the mind of most delegates was when Macmillan would actually give up his post, once it became known that his illness would involve two or three months of inactivity and convalescence.

Hurried to Hospital

Since Macmillan was hurried to the hospital Tuesday night, party managers have been in the process of trying to agree on a successor but they have not so far succeeded.

Iain Macleod, a party leader, ordered party workers to get cracking now to fight and win the 1964 election.

The call by joint party Chairman Macleod roused the 4,000 Conservative delegates to a pitch of enthusiasm. They have been depressed, divided and confused since Macmillan's sudden admission to the hospital touched off a harsh behind-scenes struggle for the succession.

## Reuss Wants Another U. S. Court in State

WASHINGTON (AP) — Rep. Henry Reuss, D-Wis., said Wednesday he plans to introduce a bill in Congress to create a third U.S. District Court in Milwaukee because the two courts there now are overworked.

The two Milwaukee U.S. District courts are presided over by Judges Robert E. Tehan and Kenneth P. Grubb.

Reuss said that federal officials agree that a third federal court is needed in eastern Wisconsin. He said he probably would introduce the bill next week.

# Dam Collapses, Tidal Wave Kills 3,000 Italian People

Massive Alpine Landslide  
Plunges Into Reservoir;  
Four Towns Wiped Out

BY WILLIAM MAIRANI

BELLUNO, Italy (AP) — A massive Alpine landslide plunged into a deep, four-mile long reservoir in the night and hurled a tidal wave across the Vaiont Dam upon sleeping villagers in the Piave River Valley. Hundreds perished in the boiling flood.

Three hundred bodies had been recovered by dawn and U. S. Army authorities who hurried to help said Italian sources estimated there were 3,000 dead.

Four towns with more than 6,000 residents virtually were wiped out and two hamlets on the edge of the reservoir disappeared in the catastrophe.

"The sight was just simply terrifying," said Dino Menardi, one of the first pilots to view the desolation. "I have never seen anything like it — not even in horror dreams."

World's 3rd Highest

Through it all the 873-foot-high concrete dam—the world's third highest—apparently stood intact. It is part of a hydroelectric complex.

Reconnaissance by a squadron of four U.S. helicopters led by Maj. Harvey C. Mayse of Westchester, Wash., refuted officials' initial reports that the wall of water had collapsed the dam.

"The landslide that plunged into the reservoir apparently caused a huge overflow," Mayse said.

From the air, the dam appeared to be in one piece."

The biggest and hardest hit of the towns was Longarone, with a population of 4,600.

Surviving officials there esti-

estimated their dead alone at 1,500 to 1,700. The community was virtually leveled into a barren, rock-strewn stretch of sand and mud. The vanished hamlets were St. Martin and Vignola.

Turn to Page 2, Col. 2

Italian Troops Search through wrecked northern village of Longarone today for victims of flood waters from the nearby Vaiont Dam. Over 3,000 persons are

known to be dead in the flood produced when a mountainous landslide crashed into the reservoir behind the dam. (AP Wirephoto)

## Green Light From Kennedy

# Reds Offered U.S. Wheat

WASHINGTON (AP)—President Kennedy has given the green light for the private sale of millions of bushels of American wheat to the Soviet Union and other Communist bloc countries.

He made it clear that the grain was for use only in the Soviet Union and Eastern Europe—not in Cuba.

His decision, which in so many words he said was just good business for the United States, drew both sparks and cheers.

The reaction ranged from Democratic Sen. Strom Thurmond's denunciation that it amounted to "arming our enemy," to Vermont Republican Sen. George Aiken's view that "the deal should prove beneficial to both the United States and the people of the purchasing nations."

In announcing his decision at his press conference Wednesday night after weighing both the political and economic problems involved, the President noted that more such transactions may be in the works.

The Soviet bloc countries, he said, "may also wish to purchase from us surplus feed grains and other agriculture commodities," and he added: "After consultation with the National Security Council, and informing the appropriate leaders of the Congress, I have concluded that such sales by private dealers for American dollars or gold, either cash on delivery or normal commercial terms, should not be prohibited by the government."

Kennedy did not specify how many bushels and how many dollars would be involved in wheat sale.

Kennedy did cite a figure as an example to show how the United States could benefit from the transaction.

He said: "The sale of 4 million metric tons of wheat, for example, for an estimated \$250 million, and additional sums from the use of American shipping, will benefit our balance of payments and gold reserves by that amount and substantially strengthen the economic outlook for those employed in producing, transporting, handling and loading farm products."

However, Hubert H. Humphrey, assistant Senate Democratic leader, who was among congressional leaders briefed by Kennedy before

his announcement, said the authorization cleared the way for wheat sales of \$350 million to \$400 million.

Humphrey said some 4 million tons of grain would go to the Soviet Union, and one million tons to Bulgaria, Hungary, Poland and Czechoslovakia. Some other legislators said the sales are expected to total 7 million tons.

Plagued by farm problems for years, the Soviet Union and some of its Eastern European satellites were forced to turn to the capital-

ist West for more grain this year when a drought cut deeply into harvests. The Soviet Union has already closed deals with Canada and Australia.

Cash Customer

"Basically, the Soviet Union will be treated like any other cash customer in the world market who is willing and able to strike a bargain with private American merchants," said Kennedy.

The sales, however, will involve

## Weyauwega Pigs Reach Costa Rica

Miami Official Stalls Flight,  
Says Pigs Can't Leave U. S.

BY JOHN SAWALL  
Post-Crescent Staff Writer

MIAMI — After a 2,500 mile trip to Miami, "Piggy-Back to Costa Rica" was nearly stalled today, this reporter started contacting airlines, freight offices and the department of agriculture in an attempt to get new crates. None were to be found.

Use Horse Stall

Finally the freight agent of LASCA Airlines, the line that flew the hogs to Costa Rica, came up with the idea of building a pen

play nursemaid to Super Countess and Oak Creek Special and write stories enroute.

With Rojas expecting his pigs today, this reporter started contacting airlines, freight offices and the department of agriculture in an attempt to get new crates. None were to be found.

## Gromyko Meets With Kennedy

WASHINGTON (AP)—President Kennedy receives Soviet Foreign Minister Andrei A. Gromyko today on a new crest in U.S.-Soviet relations aided by presidential approval of American wheat sales to Russia.

It was only a year since Gromyko's last White House visit—Oct. 18, 1962—after which Kennedy bitterly accused the Kremlin envoy of a false statement denying the Soviet missile buildup in Cuba.

The ensuing crisis verged on a nuclear showdown.

Kennedy, in a late afternoon appointment, and Secretary of State Dean Rusk, with morning lunch- and evening dinner engagements with Gromyko, were expected to press again for withdrawal of those Russian troops who still remain in Cuba.

## Pilot Shudders and Sobs

# Vaiont Dam Disaster Scene Like Something From a 'Horror Dream'

CORTINA D' AMPEZZO, Italy (AP) — "The sight was just simply terrifying," the pilot said as he stepped from his little plane after flying over the Vaiont Dam disaster. He shuddered and controlled a sob.

"I have never seen anything like it — not even in horror dreams," added 42-year-old Dino Menardi.

Menardi and two companions flew over the scene of disaster shortly after dawn. Constantly brushing tears from his eyes Menardi told this tale of horror:

Bell Tower Remains

"As we came in over the town of Longarone (4,600 residents) I could not see a single house standing, or any one of the town's three big churches. I believe everyone in the town must have been trapped in their homes while sleeping."

"All I could see was a bell tower and a tree sticking up

about a meter (three feet) above the water. Where I used to see the lovely vineyards and orchards, all I saw were huge boulders. They looked like they had been polished by a huge file, a rasp.

"You know, Longarone normally is way, way above the level of the Piave River, but the terrible tide must have shot more than 100 meters (yards) in the air.

"It flattened a hamlet of 100 houses called Pirago near Longarone. Only the church bell tower is standing at Pirago. Large pine trees and beeches planted more than 25 years ago in the area are just gone.

"There was a large, strong wall of bricks and stone and mortar along a road from the railway station to the center of the town (Pirago). That wall no longer exists.

"The valley — about four kilo-

meters (2.5 miles) wide at Longarone — looked like a horrible desert.

"But what astonished me most was the sight of the place where two hamlets—each with about 80 houses—were no longer visible. They were gone.

"The two hamlets — St. Martino and Viaspessa — were located on the side of the reservoir, not along the Piave. They were apparently wiped out when the landslide raised the level of the reservoir. Then the people, houses and everything must have been thrown over the dam.

"The earth on the gently sloping natural bank of the reservoir appears as if a big fire had destroyed every living thing, human or vegetable.

"The once grassy slope of the reservoir now appears like sand burned by a fierce, desert sun.

"Certainly nobody in the two hamlets could have escaped."

## Senate Hearings On Tax Cut Bill To Start Tuesday

WASHINGTON (AP)—The Senate Finance Committee begins public hearings Tuesday on President Kennedy's \$11-billion tax reduction bill and for a while, at least, will hear little but praise for the measure.

Secretary of the Treasury Douglas Dillon will lead off for the administration witnesses who will be heard during the first week and doubtless press for favorable action.

The tune is less predictable when nongovernment witnesses appear, beginning Oct. 22.

Rescue Workers Remove child alive from ruins of Belluno, Italy, Wednesday night. Death toll may reach thousands. A landslide sent roaring waters over the Vaiont dam, producing a flood which virtually wiped out four towns with 4,300 residents. (AP Wirephoto)

# Wittenberg Duels 'Wega '11' Friday

CWC Lead at Stake; Bonduel Will Travel to Waupaca

CENTRAL WISCONSIN CONFERENCE			
	W	L	T
Wittenberg	3	0	1
Waupaca	3	1	0
Weyauwega	3	1	0
Bonduel	2	1	1

Friday's Games: Weyauwega at Wittenberg; Bonduel at Waupaca; Iola-Scandinavia at Manawa; Marion at Wautoma.

Unbeaten Wittenberg tangles with defending champion Weyauwega on the Wittenberg gridiron in the feature tilt on the Central Wisconsin Conference slate this week.

Other Friday night games will find Bonduel at Waupaca, Iola-Scandinavia at Manawa, and Marion at Wautoma.

Weyauwega will be making an attempt to bounce back from its upset loss at the hands of Wautoma last week. The Wittenberg express continued on its way last Saturday with a 28-0 win over Iola-Scandinavia after having been tied by Bonduel (13-13) two weeks ago.

The Waupaca-Bonduel duel could eliminate one team from the race for the championship. The way Wittenberg has been roll-

ing, two losses might be enough to drop a team from contention. The loop's two winless elevens, are matched with 2-2 clubs. Manawa, a winner in two games, hosts Iola and Marion travels to play 2-time winner Wautoma.

## Pick Queen of Wittenberg Homecoming

WITTENBERG — Bill Groshek, son of Mr. and Mrs. Chester Groshek and Karen Knitter, daughter of Mr. and Mrs. Nick Knitter, all of route 1, have been selected as king and queen of the 1963 homecoming Friday.

Members of their court are Linda Brekke and Steven Strong seniors, Diane Kostka and David Verkuilen, juniors, Peggy Pukall and Dale Hegewald, sophomores, and Mary Chris Swenson and Bradley Wolf freshmen.

The queen is selected by the entire student body, king and male members of the court by the football team and the princesses by the grade they represent.

The Weyauwega Indians, strong contenders for the CWC crown and long standing rivals of the local team, will meet the Wildcats at 8 p.m.

Activities will begin with a pep rally at 2 p.m. followed by a parade at 2:30. Dean Gagnon will be parade marshal. A bonfire at 6:30 will precede the annual snake dance to the athletic field. The GAA will have charge of the dance following the football game.

### Boys' State Delegates Speak to Bonduel Post

BONDUEL — Bonduel's Badger Boys' State delegates, Rodney Busch and Owen Boettcher, spoke Monday evening at a meeting of Richard Wagner and Dennis Ham-the Zernicke - Wegner American Legion Post. The boys told about their week at Ripon College and thanked the Legion members for making the Boys' State possible.

Homecoming Activities Began today at Freedom High School. The festivities will end with a parade and rally Friday. Royalty, in the back row, from left is Jo Ann Laurende, Charolette Green and Janice Vande Hey, Darlene Schuh, seated, is queen, and Katherine, Valentine, another member of the court, is on the floor. (Post-Crescent Photo)

## New London One Pint From Bloodmobile Quota of 115

NEW LONDON — Blood donors Dr. H. C. Schmalleberg, Dr. J. came within one pint of their 115-W Monsted, Dr. F. J. Pfeifer and Mrs. David Wilke, president. Mrs. Donald Lubinski, vice president, Mrs. William Lomax, secretary, and Mrs. Leon Rades, treasurer.

Donors who had given a total chairman, Mrs. Paul Poeple, Mrs. Lawrence Shetter, Mrs. Jo Roberts, Mrs. Kenneth Breitung, seph Prohaska and Mrs. S. L. Gerald Carlew and Carl Bellile. Hirschboeck.

Marcus Simpson was the only Mrs. Edward Jagoditsch was two - gallon donor, and Clifford kitchen chairman, assisted by Thorn and Orville Johnson were Mrs. Irvin Mannechen and Mrs. John Sanders. Juice chairman was Mrs. Emil Gehrke. Clerks were Mrs. Walter Schoenrock, Mrs. A. W. Kuhlman and Mrs. Agnes Knapp. Hostesses included Mrs. Harvey Romberg, Mrs. Marion Smith and Mrs. Harry Heinrich. Members of the dining room committee were Mrs. Irvin Huntley, Mrs. Fred Beyer and Mrs. Ruth Schoenrock. Mrs. William Freiburger and Mrs. Gordon Meiklejohn were in charge of labels, and Mrs. Ada Fredericks and Mrs. Ben Andrews were in charge of numbers.

Youths who assisted in the work were Larry Thorpe, Dave Walmer, Jim Wilson, Larry Foley, Allen Stern, Terry Gorges, Robert Houk and Gary Mitten.

## New London Poppy Day Report Given

NEW LONDON — A report on the recent poppy drive was given at the Tuesday night meeting of the VFW auxiliary by Mrs. Arthur Lasch.

Workers were Kay and Nancy Herminath, Mary Susan and Mike Elliott, Jeff Forstlund, Peggy Brown, Mr. and Mrs. Elmer Hebbe, Mrs. Richard Mathewson Sr., Mrs. Martin Abraham, Mrs. Irene Eggert, Mrs. Melvin Seefeldt, Mrs. Russel Huebner, Mrs. Chandler Ramsdall, Mrs. Lawrence Herres, Mrs. Emil Runge and Mrs. Warren Hidde. Mrs. Clyde Eckhart was co-chairman.

Workers who sold posters were Mrs. Henry Fritz, Mrs. Grace Breyer, Mrs. Carolyn Sinder and Mrs. Clifford Huss.

Plans were made to hold a rummage sale Oct. 18. Mrs. Irene Eggert, Mrs. Emil Runge, Mrs. Warren Hidde, Mrs. Clyde Eckhart and Mrs. Lasch will be in charge of the one day sale.

Nov. 12 the Eighth District president will make her official visit for the annual inspection. Lunch was served by Mrs. Melvin Seefeldt, Mrs. Emil Runge. The next meeting will be Oct. 22.

## Marion School Club Changes Election

MARION — New officers of the Marion Mothers' Club took over at the first fall meeting. They are Mrs. David Wilke, president, Mrs. Donald Lubinski, vice president, Mrs. William Lomax, secretary, and Mrs. Leon Rades, treasurer.

Two officers will be elected every other year, the club has decided.

Money was donated to the industrial arts class to build a speaker's stand.

Mrs. Phyllis Ravey, kindergarten teacher at the campus school at Stevens Point State College, discussed "Proper Preparation for a School Day."

## Homemakers Meet

MANAWA—The Symco Homemakers will meet October 16 at the home of Mrs. Evan Zander. Project leaders, Mrs. John Dretke and Mrs. Walter Stenbach, will Babcock was hostess to the La-present the lesson "Our Extra dies Aid of the Methodist Church Head and Hands."

## Shiocton Legion Auxiliary Planning Halloween Party

SHIOCTON — A report on the Sixteen of the local members at Halloween party to be held for tended the meeting.

The junior auxiliary will have a cherry tree at the turkey dinner Saturday. Members are to child welfare chairman, at a re-birthing 10 cent gifts.

Mrs. Paul Winterfeldt, Mrs. Earl Kueher, Mrs. Allen Gunderson and Mrs. George Kennedy will attend the area educational conference at New London.

Members have been asked to volunteer to help at the Teenie-given with the aid of the Com-ramas Friday nights selling pop and tickets.

The lunch committee for No-Christmas gift shop at the No-ember meeting.

Mrs. Leroy Conradt reported on son, Mrs. Keith Steed and Mrs County council at Hortonville John Crvelli.

## Homecoming Court Named At Iola High

Charles Holtebeck Will be King of Annual Festivities

IOLA—Charles Holtebeck has been named king of the 1963 Iola-Scandinavia High School homecoming. On his court are senior Rick Nelson, junior Gary Jacobson, sophomore Jim Netzler and freshman Willie Olson.

A parade, consisting of floats, and the school band, is scheduled for 3 p.m. Oct. 18. Floats representing the senior and junior high school will be entered in the parade. Cash prizes will be awarded for winning floats.

Skits by junior and senior high school students will be presented at 7:30 p.m. Oct. 18 at the high school gym. Following the skits, a bonfire and pep rally will be staged on the high school grounds. Winning class in the skit contest will have its name added to a trophy, which is displayed in the trophy case at the school throughout the year.

The homecoming football game against Waupaca will get underway at 2 p.m. Oct. 19. The school band will perform during halftime.

A dance and crowning of the king and queen is set for the evening in the high school gym. Last year's king and queen, Ardis and Jim Sorenson, will participate in the crowning ceremony. The dance is sponsored by the student council.

## Samaritans Plan Friend's Night

WAUPACA — The Samaritan Rebekah Lodge will have a "friend's night" at the regular meeting Thursday, Oct. 17, at the hall.

The reception committee consists of Mrs. Margaret Elne, Miss E-the Beardsley and Mrs. Pearl Hartsworm. Mrs. Welby Mortenson and Mrs. Ralph Holliday will have charge of the program. Lunch will be served by Mrs. Fred Dahm, Mrs. Clair Matson, Mrs. Jay Ware and Mrs. Frank Rasmussen.

At the meeting Thursday, the lodge voted a donation to the Theta Rho scholarship fund. Mrs. Kenneth Youngson and Mrs. Frances Forseth attended the eighth annual Theta Rho assembly at Sparta.

## Ladies Aid Meets

NORTHPORT — Mrs. Robert Babcock was hostess to the La-present the lesson "Our Extra dies Aid of the Methodist Church Monday evening.

# Adult Schools Cut Unemployed Rate

## Training Costs One-Third of Relief Bills, Educators Are Told

The net cost of training a student under the federal Manpower Development and Training Act in Wisconsin has been \$700, compared to the \$2,500 needed to keep a person on the public welfare role for one year, directors of Wisconsin Vocational and Adult Schools were told in Appleton Tuesday.

M. W. Bodine, supervisor of the MDTA program for the State Board of Vocational and Adult Education, made the statement at the 3-day annual fall directors

conference which opened in Appleton Tuesday.

Dr. Aaron Adams, regional representative of the U.S. Office of Education, discussed the role of vocational schools in providing training for unemployed and under-employed persons in the state through the MDTA program.

### WSES Responsibilities

F. J. Walsh, director of the Wisconsin State Employment Service, discussed the responsibilities of WSES in such training, and Bodine outlined state plans in this area for 1964.

Adams told the directors he was responsible for disposing of more than \$3 million in the last fiscal year in Wisconsin, Indiana and Ohio by approving MDTA programs. Wisconsin was allocated 18 per cent of the federal funds spent for training the unemployed as it had 1.8 per cent of the unemployed, he said. About \$600,000 was spent on the program in the state. This year 2.29 per cent of the funds, or about \$1 million has been allocated to Wisconsin, he said.

Research is being done through Madison on emerging occupations which will need trained employees and on hard core unemployment, he said.

"Let the men on the state team know what you want to do about this," Adams said. "I'll be around to help."

### Impact of Science

"Sputnik in 1957 and the recession in 1958 focused attention on the impact science and technology are going to have on how we Americans live and are going to earn a living," Walsh said.

Among the more acute problems resulting from the change in industrial production techniques, he said, is the growth of the labor force. There is an unemployment rate of 16 per cent among those under 21.

The unskilled jobs have dried up, and the only work untrained youth are equipped to do is being done by machines, he said.

### Five Services

He listed five responsibilities of the state employment service as (1) determining the training needs, (2) selection of trainees, (3) determining their eligibility for the training allowance and the travel and subsistence allowance, (4) placing the persons trained in jobs, and (5) providing labor market and occupational information.

Bodine said the state had until Nov. 1 to plan its MDTA projects. Any vocational school can conduct a program in cooperation with the local employment office, and all costs of instruction are reimbursed 100 per cent with federal funds, he said.

Since the program started in September, 1962 some 600 persons have been trained in Wisconsin, \$157,000 spent on new equipment and \$382,000 spent on instruction and other costs, he said.

Tentative budgets are prepared for 36 projects, compared to 21 last year, which will enroll 800 trainees and cost about \$637,000. Another phase of MDTA is on-the-job training, Bodine said. Antigo may have the first such program to train special machine operators for a new industry there, he said.

One director recommended a meeting between vocational school directors and the employment service to air problems on MDTA. Walsh and C. L. Greiber, state director of vocational and adult education, said they would arrange such a meeting.

Kay Campbell and Bob Knoespel will reign at Brillion homecoming festivities today and Friday. Kay is a junior and Bob, a senior. They will be crowned at ceremonies Friday evening at a dance following the football game with Oostburg. (Albert Photo)

## Set Schedule For Curling Club At Clintonville

CLINTONVILLE — Forty-six members attended the fall organizational meeting of the Clintonville Curling club Monday night. Rules and regulations were decided upon and 14 skips entered their rinks Monday night. A skip who would like to enter a rink may obtain entry blanks at the office of club secretary Robert Otto. A total of 144 curlers participated last year.

There will be instructions for new curlers by Stanley Wick. Dates announced for the curling season included a Nov. 1 deadline. Scheduled curling will start Nov. 18, but the week of deer season and the week of Christmas will be omitted; Red and Green event, Dec. 2 with the dinner on Dec. 12; play-down for the men's invitational on the weekend of Dec. 27-29, which will designate the teams that will represent the Clintonville Curling Club in the men's invitational on Jan. 24, 25 and 26; and a special event Jan. 6 with a dinner Jan. 16.

## Iola Schools to Dismiss Early

IOLA — Iola - Scandinavia schools will be dismissed at 2 p. m. Monday to enable elementary teachers to participate in a reading workshop and high school teachers to take part in in-service training.

The office of the joint county superintendent and State Department of Public Instruction have scheduled reading workshops in four different centers. Iola-Scandinavia teachers will attend the Weyauwega center Monday.

High school teachers will hold in-service training committee meetings in preparation for the North Central Evaluation program scheduled for the second semester.

## Bloodmobile Gets 49 Pints

SCANDINAVIA — The Red Cross bloodmobile center at Scandinavia Lutheran Church Monday collected 49 pints of blood, missing the quota by one pint.

Mrs. Orville Koehler, chairman, and Mrs. Gordon Trimrud, co-chairmen, announced that of 63 pledges, 41 kept their appointments. There were 14 walk-ins and 6 rejects.

Doctors on duty were Dr. K. L. Haman, Waupaca, and Dr. C. F. Wood, Iola. Registered nurses working at the center were Miss Martha Voe and Mrs. Arden Bobbe, Scandinavia, and Mrs. David LaStofka, Iola.

## Iola Lutheran Church Sets Lutefisk Supper

IOLA — Northland Lutheran Church will hold its annual lutefisk supper beginning at 3 p. m. Oct. 18.

The menu includes lutefisk, lefse, mashed potatoes, meat balls in gravy, cabbage salad, cranberries, buttered carrots and Norwegian pastries including sandbaksels, rosettes, fattigman and krumkager.

A bazaar and sale will be held following the supper.

## Manawa Women To Meet Thursday

MANAWA — The Modern Homemakers Club will meet Thursday night at the home of Mrs. Carole Beversdorf. The hostess and Mrs. Lucille Ferg, will give the project lesson, "Our Extra Head and Hands."

Members are to take scissors, string, wire and tissue of their own color choice which will be used in making leia. Roll call will be answered with a canning recipe.

Chilton Favored Over Plymouth

## Tigers Might Catch Up To Conference Leaders

EASTERN WIS. CONFERENCE							
New Holstein	W	L	T	Oostburg	W	L	T
Chilton	4	1	0	Sheb. Falls	1	2	0
Valders	3	2	0	Brillion	1	3	0
Kohler	3	1	1	Plymouth	0	3	1
				Kiel			

Friday's Games:  
Plymouth at Chilton  
Valders at New Holstein  
Oostburg at Brillion  
Kiel at Sheboygan Falls  
Kohler Bye.

CHILTON — The Plymouth Panthers will provide the opposition for the Chilton Tiger Homecoming contest Friday night. Chilton rules as a solid favorite to annex its fifth straight win if homecoming isn't enough, the Tigers can look at the standings and their chances of catching league leading New Holstein for incentive.

Powered by the circuit's top scorer, Tom Dhein, and his running mate, Matt Lavey, the Tigers have improved each week. The offensive unit has been no more impressive than the hard-nosed defenders.

### Plymouth Seeks 1st Win

Plymouth will be seeking not only to spoil the Tiger homecoming but gain its first win of the season. The Panthers, undefeated champions last year, have skidded to a league mark that shows a tie and three setbacks. A better-than-average Valders team with two better-than-average runners, Cliff Brennan and Tom Isslemen, moves into New Holstein to test the powerful Husky defense. New Holstein hasn't been scored on since Chilton, Minn., will speak at 10 a. m. Sunday at Zion United Church of Christ.

Christian education classes will be at 9 a. m. and child care class at 10 a. m.

offense sparked by Ken Heiner's passing and running. Heiner can also call on a bevy of fine ball carriers. New Holstein is favored.

### Brillion Favored over Oostburg

The Brillion Lions 1-3 play host to Oostburg 2-2 and despite a less impressive record than their guests', the Lions will be slight favorites.

Brillion has lost some tough ones, including an 18-6 setback at the hands of Valders last week, and the Lions have homecoming Oostburg's Dave Hebelink can be stopped. The Chilton defense proved last week by holding the high flying Dutchman to less than 10 yards.

Jerry Krueger is the top Lion running threat.

At Sheboygan Falls the host Falcons are favored to keep Kiel winless.

## Potter Pastor to Serve on Panel

POTTER — The Rev. R. O. Walkenhorst, pastor of Peace United Church of Christ, Potter, has been asked to serve on a discussion panel at Town and County committee conferences Oct. 13 at Black Creek and Oct. 20 at Salem.

The Potter pastor is a former chairman of the Town and County review the conference program. Serving as moderator will be the Rev. Edmund Henning, Elkhart Lake, acting association minister. At Black Creek the conference will be at St. John United Church of Christ. The Rev. Elmer Becker is pastor.

Thursday, Oct. 10, 1963 Appleton Post-Crescent C8

## Lutheran High Addition Plans

## Being Drawn

## School Authorities Seek to Double Student Capacity

Fox Valley Lutheran High School will double its original capacity of 275 within a few years, according to expansion plans being drawn up by the FVL faculty, building and grounds committee and board of regents.

The action was approved by the FVL general board when the completion of preliminary plans for immediate expansion was authorized last month.

Raymond LeVe and Associates will sketch final plans for the addition which will be presented to the general board for final approval. The letting of bids will follow.

Preliminary plans call for an addition on the north or parking lot end of the building. The plant would be extended west to the Oneida Street sidewalk.

It also would be extended in an easterly direction, thus transforming FVL's present "L" design into that of an "H".

### New Addition

The new addition will house about eight classrooms, a study hall and a library, according to preliminary plans.

Also under consideration is the possible construction of a one- or two-story addition attached to the rear of the FVL stage. The hill sloping toward the present foot practice rooms.

Completion date for at least a bi-level addition constructed has been tentatively proposed.

## 190 Enroll in High School Age Religion Classes

CHILTON — Approximately 190 area high school age youths are enrolled in the Confraternity of Christian Doctrine Program at St. Mary Church here.

The program, which consists of weekly religious instructions on Monday evenings, began last week. Attending are high school students from St. Mary, St. Augustine and St. Charles, Chilesburg, Catholic congregations.

Directing the instructions are the Revs. Duane Dionne and John Feeney, assistant pastors at St. Mary Church.

Teachers for the 1963-64 term are Father Dionne, Mrs. Loretta Schomish, Mrs. William Haas, Mrs. Susan Thurwachter, John Salm, Martin Salm Jr., and George Herrmann.

Moderators assisting the teachers are Monica Schmitt, Arlene Arenz, Eileen Keuler, Raymond Mueller, Reuben Keuler and Ruth Mueller.

## VFW Card Party

NEW LONDON — Monday night's VFW card party winners have been announced. Winners are John Kohl, Mrs. George Wendlandt, John Stuchner and Mr. and Mrs. Arthur Lash. There will be another card party Monday.

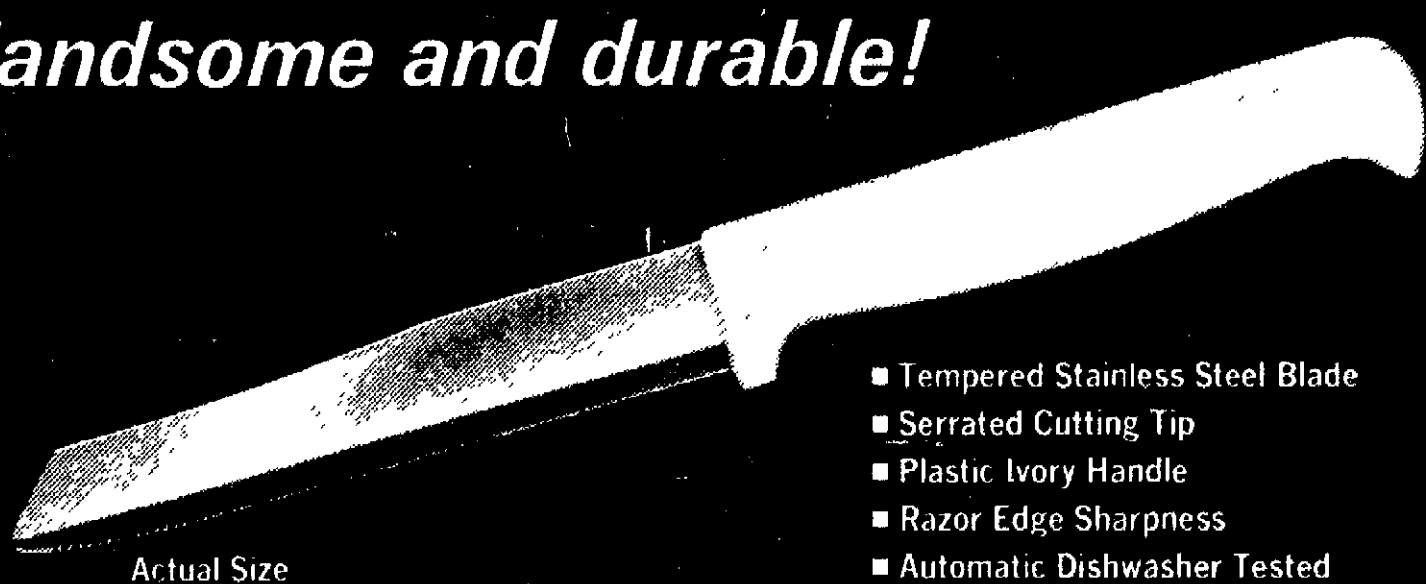

Moderators assisting the teachers are Monica Schmitt, Arlene Arenz, Eileen Keuler, Raymond Mueller, Reuben Keuler and Ruth Mueller.

## Pageant Officials Not Concerned by Padding

BY TOM SEPPY  
ATLANTIC CITY, N.J. (AP)—Each year the question always arises: How do officials of the Miss America Pageant prevent contestants from padding their bust lines?  
They don't try.  
"We couldn't care less," said Miss Lenora Slaughter, executive director of the pageant. "We're not in the body business. We're just looking for a typical Ameri-

can girl who has beauty, poise, charm, talent and intelligence. "There is no rule against any of the girls wearing padding, and with the swim suits of today, it would be very difficult to tell which girls were wearing pads and which girls just had built up suits."  
Official unconcern over padded bras is typical of the change which has come over the pageant since its 1921 beginning as a leg show established to extend the summer season at Atlantic City a week or so.  
In converting the pageant into a search for the all-American girl, swim suits have been de-emphasized.

## Butler Favored As Successor To Macmillan

### Prime Minister Recovering From Prostate Surgery

BY ARTHUR L. GAVSHON  
BLACKPOOL, England (AP)—Deputy Prime Minister Richard A. Butler emerged today as the favorite to succeed stricken Harold Macmillan at the helm of the British government and the Conservative party.  
As Macmillan underwent prostate surgery today in a London hospital, his party's leadership crisis moved toward an open trial of strength between Butler, 60, and two chief rivals.  
The rivals are Lord Hailsham, 56, science minister, and Reginald Maudling, 46, chancellor of the exchequer.

**Fought on Fringe**  
The battle was being fought so far mainly on the fringes of the party's annual conference, which opened in Blackpool Wednesday in an atmosphere of confusion caused by Macmillan's unexpected illness.  
In the Tory headquarters hotel there were intense consultations and canvassing into the early hours today.  
Peers, members of the House of Commons, elder statesmen and party bosses talked in the corridors and private suites. There were whispers, secrets, maneuvers and bargains.  
Medical authorities in London expect the operation on Macmillan to be successful. But at the party conference, the conviction grew that he would resign as soon as party leaders settled on a political heir.  
**Vigorous Leader Needed**  
The feeling was that even if Macmillan recovered quickly, he could neither stand the strain of a campaign nor project an image of vigorous leadership. Macmillan will be 70 next February.  
Butler, designated by Macmillan to lead the government in his absence, will be in a position to display his authority and talents publicly almost daily. Grass roots leaders indicated a preference for Butler by inviting him to address a mass rally of party workers Saturday as a substitute for Macmillan.  
Butler consulted his cabinet colleagues before accepting the invitation. Some ministers opposed the idea but were outvoted.

**Stravinsky Gets Sibelius Prize**  
HELSINKI (AP)—The International Sibelius Prize, worth \$27,000, has been awarded to Igor Stravinsky, 81-year-old composer.  
Carl T. Rowan, U.S. ambassador to Finland, accepted the prize for Stravinsky in Helsinki. The award, named for Finnish composer Jean Sibelius, is awarded annually by the Finnish Wihuri Fund for Arts and Science.  
Stravinsky, a native of Russia, lives in California.

**Playing Radios Being Sent to Residents of Small Kentucky Town**  
OWENSBORO, Ky. (AP)—This western Kentucky city may be the only one in the United States with transistorized zip code mail.  
Music has been heard coming out of mailboxes.  
Postal authorities Wednesday confirmed that somebody had mailed packages of transistor radios with the volume turned on. They said seven such packages, with no return address, had been found in different boxes.  
The post office refused to give the names of the addressee. It said the packages contained the proper postage and would be delivered.

**Hollywood Film Will Be Shown at Festival**  
SAN FRANCISCO (AP)—A Hollywood film will be shown at the San Francisco Film Festival for the first time in its seven-year history.  
Carl Foreman's film, "The Victors," will be shown out of competition on opening night, Oct. 30, festival officials said Wednesday.  
Foreman wrote, produced and directed "The Victors" with an international cast that includes television's Dr. Ben Casey, Vincent Edwards.  
The picture depicts Americans in Europe.

## San Francisco's Cable Cars to Be Overhauled

SAN FRANCISCO (AP)—To tourists from everywhere, San Francisco's cable cars are a must when visiting the Golden Gate city.  
So much so, that the cable system pulling the cars over San Francisco's hills is all worn out.  
Oral L. Moore, chief utilities engineer, said Wednesday the system would be idled and overhauled next spring at a cost of \$252,000. He said the system was installed before 1900, some of it as early as 1880, and no work other than maintenance has been done on it.  
"But now, it could go any time," Moore said.

## Kennedy Aid, Wife Divorced in Virginia

MADISON (AP)—Mrs. Camelia P. Sorensen confirmed Wednesday night that she and her husband, Theodore, 36, a top aide to President Kennedy, had been divorced since July.  
Mrs. Sorensen declined to give details but said the divorce was granted at Fairfax, Va., and that she and her husband had been separated for three years.  
The Sorensens were married for 14 years and have three children, who are with their mother at Madison and attending school. The children are Eric, 11, Stephen, 9, and Philip, 8.  
Sorensen was one of President Kennedy's campaign strategists in the 1960 campaign.

## Proxmire Speaks in Defense Of His 2-Price Dairy Bill

WASHINGTON (AP)—Sen. William Proxmire, D-Wis., told the Senate Wednesday that the federal government's program of supporting milk prices on the blend level was responsible for much of the present excess of milk production.  
Proxmire spoke in support of his two-price dairy bill which would allow the secretary of agriculture to fix allotments for producers under milk marketing orders. The allotments would cover only the sales of fluid milk used for human consumption.  
The producers would get a higher price for such milk and a lower price for milk used for manufacturing, instead of the present blend price which averages out the amounts paid for the various types of uses.  
The Senate put over a final vote on Proxmire's measure until today.  
On Tread Mill  
Proxmire said that under the present program, the dairyman is on a tread mill because, in order to keep up his income in the face of falling prices, he continues to produce more. Under his bill, Proxmire said, this incentive will be removed because the farmer will get only the manufacturing price for production beyond his allotment.  
Sen. Eugene J. McCarthy, D-Minn., offered an amendment to the bill to pay farmers up to \$2.50 per hundred pounds for milk production cuts of as much as 10 per cent.  
McCarthy said that the Agriculture Department is supporting his proposal because it feels his plan would be really effective in reducing excess production.  
The Proxmire measure applies to the 187,000 dairy producers under milk marketing orders but not the 600,000 who are not covered by them, he pointed out.

## Miami Bus Company Answers Complaints

MIAMI, Fla. (AP)—Metro Transit Authority gave Miami bus riders an opportunity to express their feelings and 1,800 replied. Stanley Gates, operating director, told the authority Wednesday one complaint already has been corrected.  
"We've answered the riders' pleas for route numbers on the rear of all buses," he said. "Those

approaching from behind the buses didn't know whether to run for a bus or not because they couldn't see the route numbers.  
"Now, at least, they'll know what bus they've missed."  
**Billfold Saved From Under Tons of Rock**  
SILT, Colo. (AP)—Keith Randall lost his billfold while working at a rock-crushing plant, and it vanished under tons of rock.  
Hours later, a steam shovel dumped a big load of rocks on a conveyor belt. There the billfold was headed into the whirling crusher jaws.  
Another worker grabbed it out in time, with Randall's money and papers intact.

## Subsidies Raise Question of Definition

Many Against Funds By Government, but Line Vaguely Drawn

BY ARTHUR EDSON

WASHINGTON (AP) — Among politicians and taxpayers, few terms are as important as misunderstood and as derogatory as that word "subsidies."

Possibly the leading blaster has been Edwin P. Neilan, president of the Chamber of Commerce of the United States. Neilan says that this nation has become the victim of "seduction by subsidy," and that in its own way political life here is as immoral as in the English sex scandals.

Neilan isn't the only critic.

**Byrd Blasts**

Sen. Frank J. Lausche, D-Ohio, has complained that every time an industry gets into trouble it scurries to Congress for money. He said half-humorously, half-thoughtfully, "We have a violin industry in Ohio that is perishing because of foreign competition."

Sen. Harry F. Byrd, D-Va., has glumly observed, "Name an area of endeavor and there is probably a federal subsidy to go with it."

Byrd puts the cost at \$10.5 billion a year, and figures the federal government passes out money through 110 scattered programs.

President Kennedy, who rarely lines up with Byrd on economic questions, has called for a reduction in airline subsidies.

**No Definition**

Despite the widespread discontent, despite their importance to every pocketbook, no satisfactory definition of subsidies has ever been found.

In theory it seems easy: a subsidy is a government payment to private industry because, for one reason or another, such support is believed to be in the public interest.

Shipping offers one of the best examples. It has difficulty competing against cheap foreign labor, both in building ships and in operating them.

**War Essential**

Since a powerful merchant marine is essential in war—so the argument runs—it is vital to dig up whatever money is needed to keep it strong.

Almost \$1.5 billion have been paid out in ship subsidies over the years.

Farm subsidies are in the same classification: money paid in an effort to bolster an ailing segment of the economy.

But those who get direct subsidies claim it is not fair to halt the definition here. They argue that if the government foots the bill, it is a subsidy, even if it is in the form of indirect payments.

The list can be extended almost indefinitely.

**Indirect Aid**

People who don't own cars pay for highways for those who do.

Bachelors subsidize the education of other people's children.

A city drops the rent on its stadium to almost nothing to get a major league team to move in, a subsidy paid by those who love, those who hate and those who are indifferent to sports.

The first Congress passed a law to encourage the development of the U.S. merchant fleet. Goods imported on American vessels were given a 10 per cent reduction in custom duties, and a tonnage tax was imposed to favor American shipping.

We were on our way

**Three Courses**

At least three courses can be pursued on subsidies.

1. Some think they are inherently evil and should be curtailed or abolished. In Lausche's words, "In principle I am opposed to our government expanding its participation in subsidies."

2. Some believe the government is timid and is shirking its duties by not moving into other areas. To cite one example, Sen. Jacob K. Javits, R-N.Y., among others, believes the theater needs help, saying "Support from private sources alone has proved inadequate and I deeply believe that some form of government cooperation is essential."

3. Some of us are mixed in our reactions, thinking some subsidies silly and others excellent.

It's only fair to mention that subsidies don't necessarily involve huge sums.

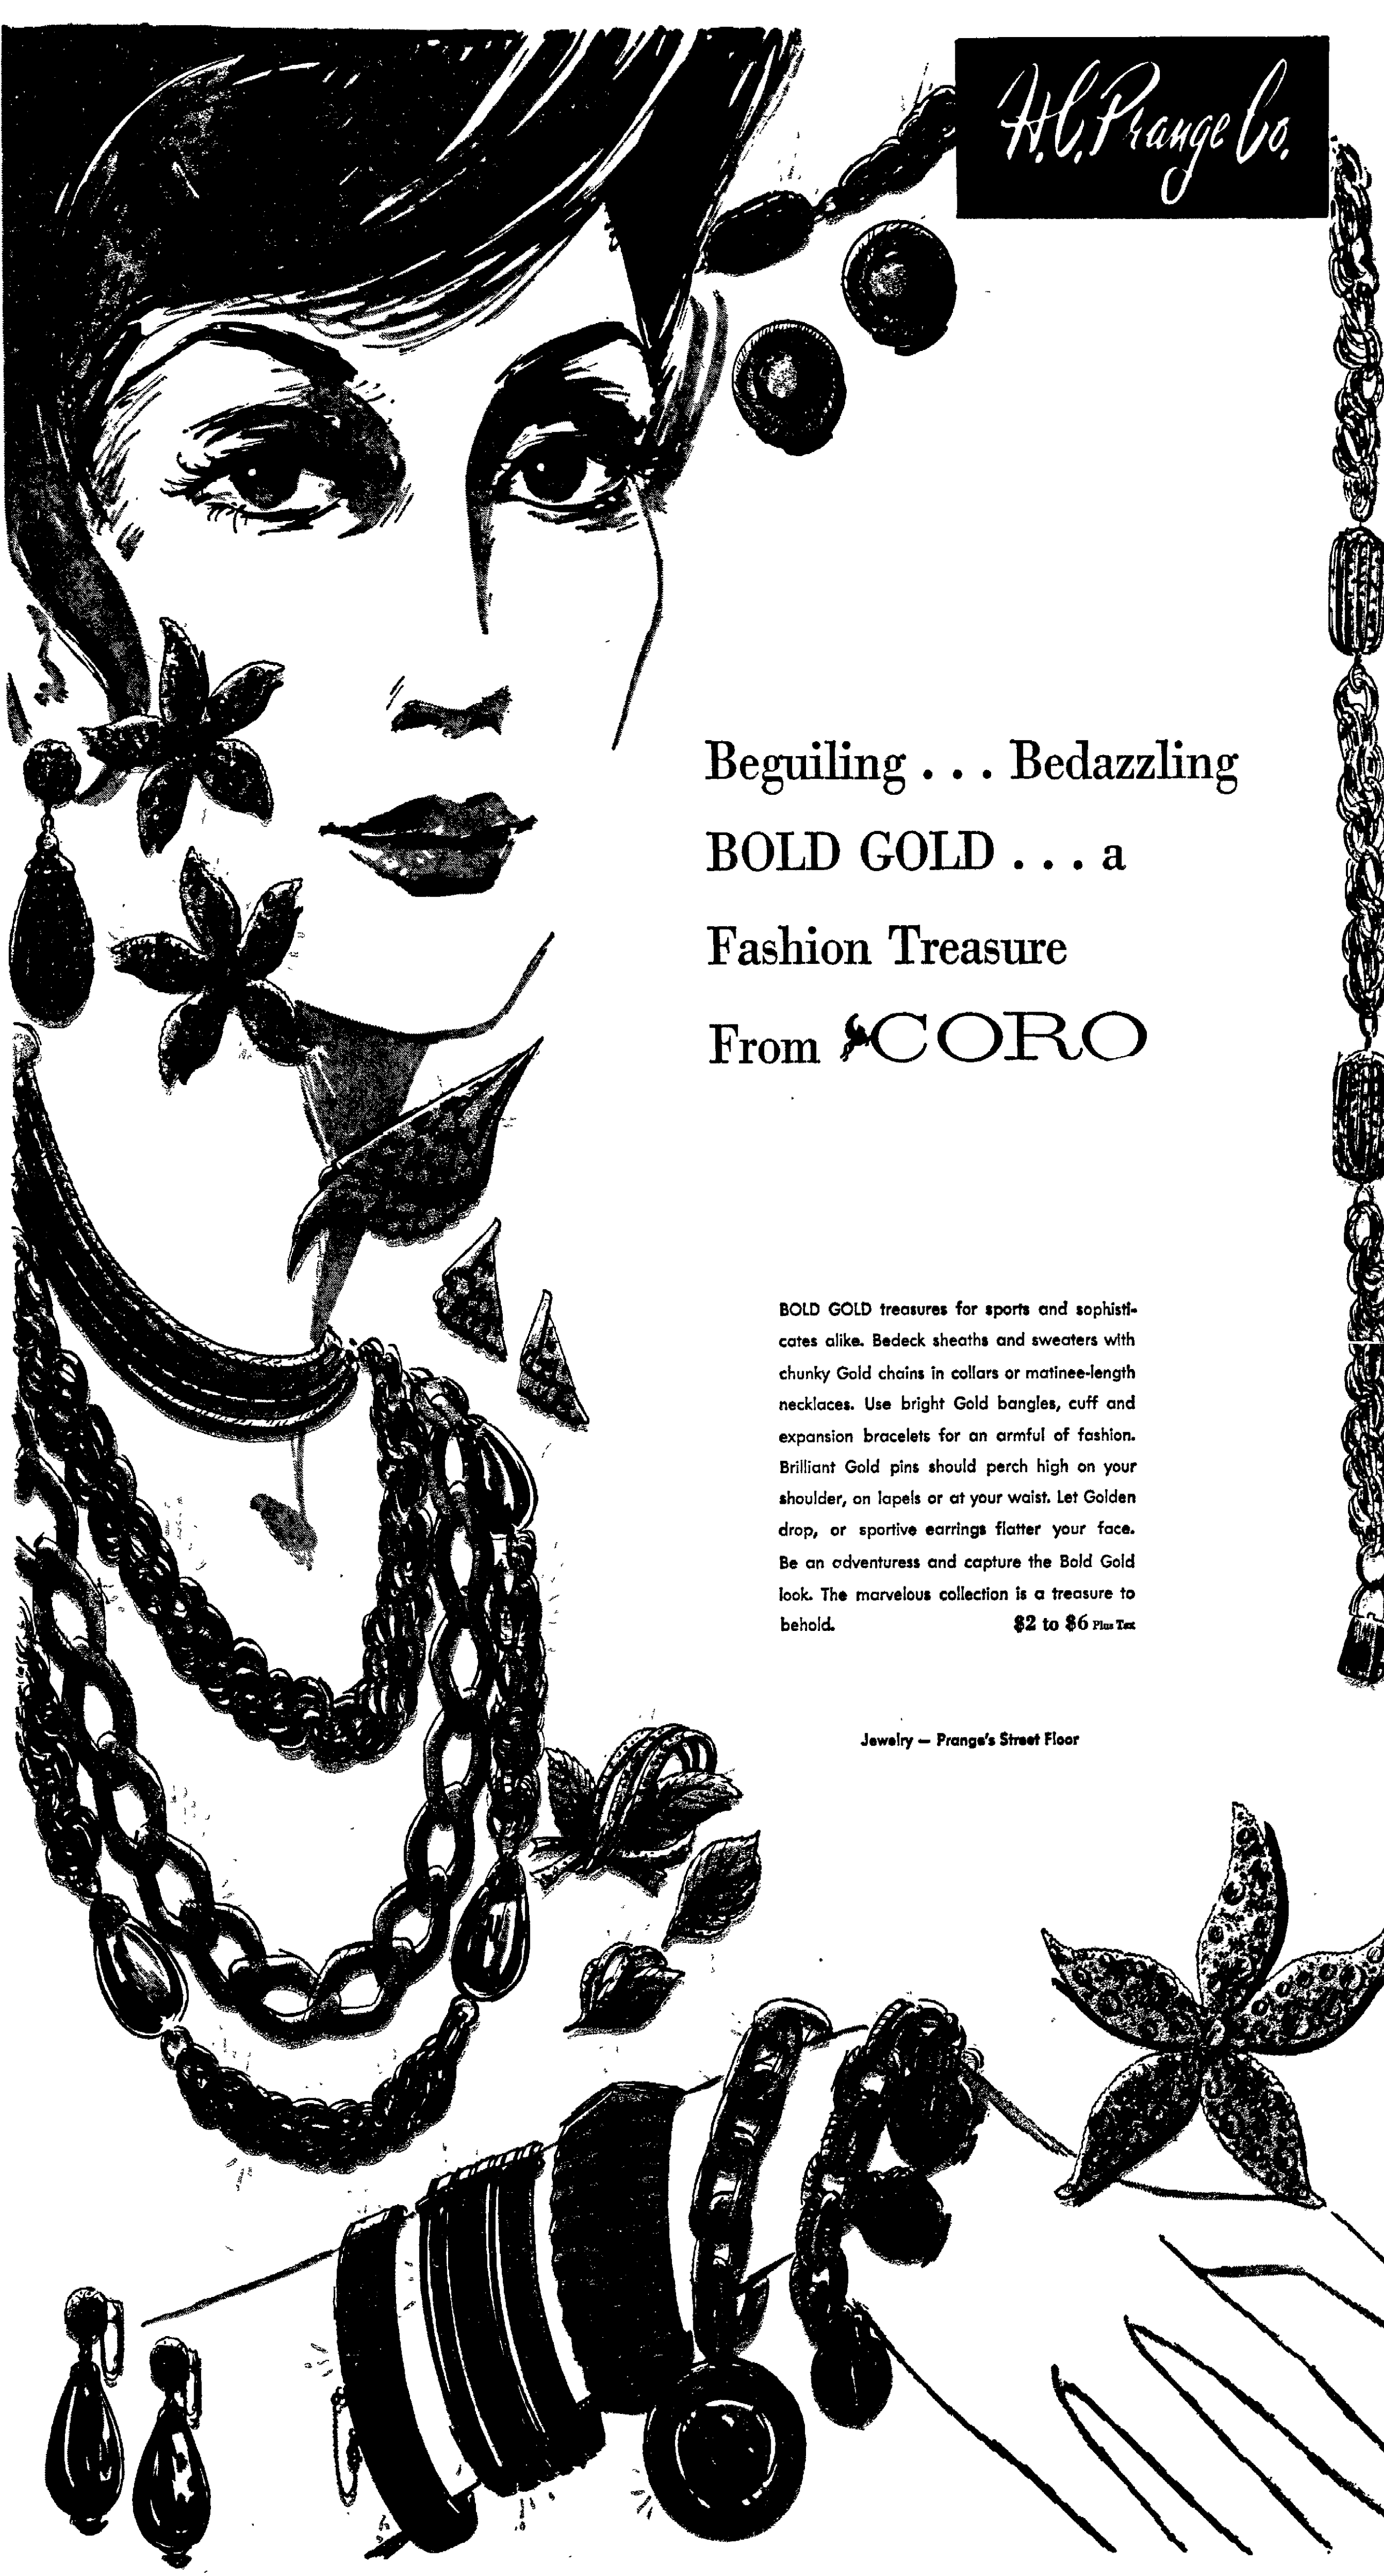

It costs exactly nothing to give free mailing privileges to presidents' widows.

## African Doctor, Family Asked to Quit Flat

ABERDEEN, Scotland (AP)—A 39-year-old African doctor has been told to quit his Aberdeen flat with his white wife and three children. The neighbors complained that they were lowering the standards of the building.

He is Dr. Kwaafo Saakwa-Mant, principal medical officer of health in Accra, Ghana, who is taking a post-graduate course at Aberdeen University.

Lilly Patterson, one of the petitioners said: "It has nothing whatsoever to do with color prejudice, but our main complaint is against the noise and deterioration of property."

# Germans Unhappy With Red Regime

## Despite Political Pressure, Morale Of People High, Writer Reports

BY JOHN O. KOEHLER  
BERLIN (AP)—Dissatisfaction of the East German people with the Communist regime continues to be widespread, but after a week behind the iron curtain this reporter found no evidence that a new revolt is brewing. The morale of the people, despite tough political pressures and scarcity of certain essential food items, seemed higher than it was in supply — one half pound being

allotted per person every 10 days, as refrigerators at the fall. Fresh meat also is scarce but summer goods fair in Leipzig, the all kinds of sausage were abundantly available. Not Starving "No, we are not starving," said a housewife in Dresden. "But it irks you that you can't buy onions whenever you want them or that not a single store has any vinegar when I want to pickle cucumbers." During a recent heat wave, housewives at Leipzig and Dresden began to queue up at 3 a.m. to get ice for their ice boxes. While East German industry exhibited electric appliances such

linch to a dinner in West Berlin. Both avoided saying that the red wall dividing the city would prevent them. Instead, one answered this way: "I really have no desire to come to West Berlin. I get enough money and my wife gets enough money. We have a nice house near a lake and we have a sailboat." The second official said something similar. Neither one said anything about being convinced Communists. Even if the climate at this time was such that the people wanted to revolt, the presence of 20 Soviet divisions and thousands of East German police and army troops keeps everyone in line. Instead of talk about any kind

## French Robbers Take Woman's Cash, Jewels

PARIS (AP) — After burglars entered her Paris apartment recently, Mrs. A. Bailly decided to keep her jewelry in hand at all times. When she left Saturday night with a friend for her country home west of Paris, Mrs. Bailly, 72, wore rings and a pearl necklace and carried a sack containing other jewels she valued at \$360. of uprising, one hears more people express the hope that the present East West honeymoon arising from the limited nuclear test ban agreement eventually will result in liberalization of political and economic controls in East Germany.

She said she also had \$10, they neared the country home. They were bound, gagged and Five masked men ambushed robbed of the jewels and the Mrs. Bailly and her friend as money.

## Discover a Whole New World Right in Your Own Kitchen

From Peru comes the recipe for the hearty and aromatic shrimp soup, left, that translates to Chupe a la Limena in its native language. Whitefish is substituted for the corvina used by Peruvian homemakers and the remaining ingredients, including fresh shrimp, are readily available at grocery stores here. The broth may be made from bouillon cubes if chicken broth is not at hand.

Uncooked rice, raw shrimp and chopped onion combine with dry white wine to simmer into an elegant Italian dish, Risotto de Scampi, for some delicious eating. Another excellent recipe that's easy to prepare is the dessert of pears shown in the right foreground. Peeled and cored whole pears are oven-poached for about 45 minutes with sugar and wine.

# Be a Columbus... Explore a Little!

BY LILLIAN MACKESY  
Post-Crescent Food Editor

The red-lettered Oct. 12 on the calendar for Columbus Day brings to mind a sort of facetious question, but one that makes a lot of sense in the spirit of culinary adventure. The question: If Columbus and his sailors could take a chance on exploring new worlds way back in 1492, why can't you in 1963? After all, your kitchen would be your ship and the recipes may take you into a few uncharted waters but think of the numerous foreign foods and seasonings at your fingertips to help discover a whole new world of cooking. For the creative cook, it should be a lot of fun and for the family an adventure in eating.

A delicious recipe that comes from Columbus' native land of Italy is a rice and shrimp combination, one of the many risotto (rice) variations cooked with the familiar Italian wine. This recipe calls for Italian Seave or any other dry, white wine. To make it an outstanding Italian meal, we suggest fresh pears poached in white wine... truly a dessert to remember. Then, to represent the other end of the historic Columbus journey, there's the recipe for a fabulous West Indian fruit pie.

Rounding out this adventure are recipes for Brazil's

Turn to Page 5, Col. 1

Brazil's national dish, Feijoada, is a combination of smoked meats served with a black bean sauce and rice. After the sauce is poured generously over the sliced meats, the rest of the sauce is served in a soup tureen or deep dish for those second helpings.

West Indian Fruit Pie, from the islands of the same name, contains lush fruits that fortunately are available anywhere... pineapple, pears, bananas and figs. They combine with brown sugar, grated lemon rind and lemon juice to make a remarkable pie that's served hot with Rum Sauce.

## Miss Gehl Bride in Autumn Rite

The Rev. Erwin Brueckner, St. Paul, Minn., officiated at the 2 p.m. wedding Oct. 5 of Miss Ellen Ruth Gehl, daughter of Mr. and Mrs. R. C. Gehl, 1320 N. Erb St., and Kenneth F. Brennan, son of Mrs. Gerald M. Brennan, 1246 E. Mason St., Green Bay, and the late Mr. Brennan, Wesleyan Methodist Church was the setting for the wedding.

Mrs. Delmar Rindt attended her sister as matron of honor. Bridesmaids were Misses Jilene and Mary Brennan, Milwaukee, sisters of the bridegroom.

Robert Cox, Kewaunee, brother of the bridegroom, acted as best man. Groomsmen were Donald Brennan, Kewaunee, the bridegroom's brother, and Harland Gehl, brother of the bride. Seating the guests were Harold Newton, Milwaukee, the bride's cousin, and Donald Smith, Green Bay.

Mrs. K. F. Brennan

A buffet supper and reception took place at the Odd Fellows Hall. The bride, a graduate of Appleton High School and St. Paul Bible College, St. Paul, Minn., is

## Sandwich Rolls

If you have trouble rolling up thinly sliced sandwich bread—when you are preparing sandwich rolls—try covering the bread slices, after crusts are removed, with a damp towel.

a clerk-typist in the Public Works Dept. Her husband, an alumnus of East High School, Green Bay, is with the Alwin Manufacturing Co., Green Bay.

The couple will reside in Green Bay after a wedding trip to the Smoky Mountains.

## Great Inventions of Our Time

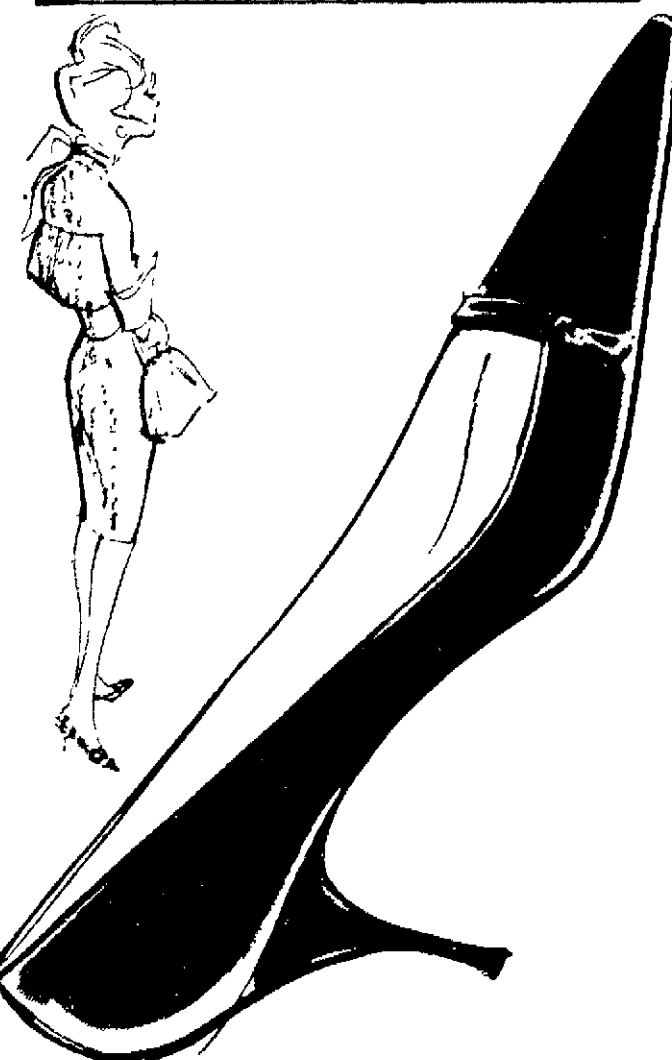

## The Wheel

This is the wheel. It was invented, in early times, by a man who needed some place to keep his spokes. This basic design has never been improved upon. Throughout the centuries the wheel has proved to be the most effective of all containers for spokes. We have a complete selection of wheels at Prange's. All of our wheels are polished and ready to roll Monday, Oct. 14. That's the day the big 76th Anniversary Sale starts at Prange's. So, get your set of wheels and get to Prange's, Monday, Oct. 14 at 9 A.M. See our special section in Sunday's Post-Crescent.
